Description

Lenovo Thinkvision T34w-20 Monitor 3 Year – 61F3GAT1EU

Supertech Web Store

Greatly enhance your multitasking efficiency with the **Lenovo ThinkVision T34w-20 34? 21:9 Ultrawide Curved WQHD VA Monitor**, which is almost like having two monitors in one. Built with productivity in mind, this 3440 x 1200 resolution ultrawide monitor is designed to fill your field of view with a curved screen, 178° horizontal and vertical viewing angles, and razor-thin bezels, giving you space to multitask applications, monitor data, and work on large projects. The screen delivers vivid photos and videos with a color range that covers 99% of the sRGB space.

The ThinkVision T34w-20 includes HDMI 2.0 and DisplayPort 1.2 inputs for high versatility. It also features a USB 3.1 Gen 1 Type-C port, which can transfer video, audio, data, and up to 75W of power over a single cable with compatible laptops. It also enables the integrated 4-port USB 3.1 Gen 1 Type-A hub, which allows you to quickly connect peripherals such as keyboards, mice, and flash drives through the monitor.

A Clear View
This ultrawide monitor supports a 3440 x 1440 WQHD resolution with a 3000:1 static contrast ratio, a 350 nits brightness, and 4 ms response time for sharp, clear images.
Curved Screen
Featuring exceptionally thin bezels, a 1500R curved design, and 178° horizontal and vertical viewing angles, this monitor fills your field of view as you watch videos and create content.
Realistic Color
This 34? Vertical Alignment (VA) panel supports 16.7 million colors, covering 99% of the sRGB color space for rich, vivid images.
USB Type-C Connectivity
Reduce desktop clutter by using the USB Type-C ports to transfer video, audio, data, and up to 75W of power to your compatible laptop over a single cable.
Integrated USB Hub
Use the 4-port USB 3.1 Gen 1 Type-A hub to quickly connect compatible peripherals such as keyboards, mice, and flash drives.

Connectivity

The ThinkVision T34w-20 monitor includes an HDMI 2.0 port alongside a DisplayPort 1.2 input. Compatible monitors may also be connected through the USB Type-C port.

Built for Comfort

Adjust the screen's height, tilt, and swivel to match your preferences. You can also use the 100 x 100mm VESA mounting holes to attach the screen to a wall, swivel arm, or multi-monitor stand.

Eye Protection

TÜV Rheinland-certified eye comfort technologies help to reduce eye strain during extended use.
