This ACER ETBook Gaming Laptop features a 15.6-inch Full HD display and runs on Windows 11 Pro, making it perfect for immersive gaming and efficient work.

Get your ACER ETBook Gaming Laptop now at Supertech with warranty and great deals.

Portability Redefined

Experience ultimate portability and unparalleled functionality with the E10 ETBook. Weighing just 3.08 lbs, the ultralight chassis ensures

exceptional portability, allowing you to focus entirely on your tasks. The sleek design make the ETBook laptop the perfect travel companion.

Typing and Navigation Made Easier

Experience seamless typing and precise pointer control with ETBook's user-friendly interface. An extra-large PTP touchpad provides ample touch area and a silky surface—making navigation a breeze.

Power Through All Day

Equipped with a 46.2Wh high-capacity lithium-ion battery and advanced system-level power management, the E10 ETBook ensures you stay productive for up to 8 hours* on a single charge—perfect for travel or on-the-go usage. Plus, with PD2.0 (20V/2A) fast charging support via the USB-C port, you can enjoy a 60% power boost in just one hour.

* The battery life is tested under controlled conditions using professional software, with the integrated display set to 200 nits brightness, the factory default configuration, a room temperature of 25°C, and the device in power-saving mode. Windows updates are disabled, and the network is disconnected. Actual usage time may vary. Please refer to the actual experience.

Active Cooling System

Experience peak performance without the heat, thanks to the ETBook's advanced cooling system.

Dual copper pipes and a dedicated cooling fan work tirelessly to keep temperatures low, ensuring smooth operation even during extended gaming sessions.

Stay Connected, Fast & Stable

Experience blazing-fast connections wherever you go with the Intel Wi-Fi 6 technology. The ETBook adopts the Intel Wi-Fi 6 AX101 wireless chip, ensuring faster speeds, better traffic prioritization, added security, lower latency, and longer battery life.
