Well Connected

Say goodbye to clunky video conferencing. With advanced Intel Wi-Fi 6 (802.11ax) technology, you can now enjoy a smoother wireless experience with up to 3 times faster speeds than standard Wi-Fi 5 (802.11ac).

Robust Security

TPM 2.0 ensures secure authentication and safeguards company data, while the camera cover keeps the lens of the webcam blocked and your privacy protected when the camera is not in use. Additional security features, such as the fingerprint reader¹ and Windows Hello¹, help with easy and secure access allowing you to unlock your device with just your fingertip or a quick glance at the camera.

Inspired Productivity

Accelerate your multitasking thanks to the 11th Gen Intel Core i5 processor¹ and NVIDIA GeForce MX330¹ for powerful computing and graphics performance. Work faster and accomplish even more with up to 32GB of rapid DDR4 memory and the configurable dual-drive system featuring a 1TB high-capacity HDD and a super-responsive 1TB 4-lane PCIe SSD.

Designed to Last

Power your way through work and meetings. The TravelMate P2 easily lasts through a day of work with up to 13 hours² of battery life, letting you work uninterrupted without needing to recharge. Further, the Military Standard³ tested and impact-resistant chassis stands up to daily wear and tear, ensuring it can survive shocks, drops, rain and more.

Bring More to the Table

The TravelMate P2 boasts a full range of ports such as VGA, HDMI, USB Type-C, and the latest Thunderbolt™ 4, with additional port expansion a possibility thanks to the optional Acer USB Type-C

Dock1, 4. With the dock connected, you'll be able to connect 4K displays, charge multiple devices, and connect all of your workspace peripherals as you see fit.
