

Dell Latitude 3450 Intel Core i5-1345U 8GB RAM 512GB SSD 14.0" FHD, English Backlit Keyboard, FreeDos 1 Year

Description

Dell Latitude 3450 Intel Core i5-1345U 8GB RAM 512GB SSD 14.0" FHD, English Backlit Keyboard, FreeDos 1 Year

Dell Latitude 3450 – Reliable Performance for Everyday Productivity

The **Dell Latitude 3450 i5** is engineered for professionals, students, and everyday users who demand reliable performance, portability, and a robust build. Powered by the efficient Intel Core i5-1345U processor, this 14-inch laptop delivers smooth multitasking, fast response times, and consistent productivity throughout the day.

Equipped with 8GB RAM and a 512GB SSD, it ensures quick boot-ups, seamless application performance, and ample storage for documents, presentations, and business essentials. The 14.0" Full HD display provides crisp visuals and comfortable viewing, while the English backlit keyboard allows you to work efficiently even in low-light environments.

The Latitude 3450 comes with FreeDOS, offering businesses and IT teams the flexibility to install their preferred operating system. Built with Dell's renowned durability and backed by a 1-year warranty, it delivers dependable performance for professionals on the go.
