Features & Design

Maximum performance and scalability

- **Enable maximum productivity** in more places and additional built-in hardware security with Intel vPro®,

running on 13th Gen Intel® Core™ processors in either U-series or P-series.

- **Fast response time** and improved performance with optional DDR5 memory up to 64GB
- **Advanced thermals** with new larger fans that keep your device cool and quiet.
- **Next-gen batteries** with ExpressCharge analyze usage to extend run time and charge faster when you need a boost in power.

Advanced Charge prevents overcharging to extend battery life

Ultimate security to work from anywhere

- **The industry’s most secure commercial PCs**, offering Dell Safe ID, Dell SafeBIOS, fingerprint readers,

TPM chip and lock slot options are tested and pass MIL-STD 810H tests.

- **Intelligent privacy features** from Dell Optimizer help keep sensitive data private.
- **Onlooker detection** notifies you when someone is peering at your screen and will texturize your screen.
- **Look Away Detect** knows when your focus is elsewhere and dims to further protect privacy and save battery life.
- **ExpressSign-in detects** your presence and wakes up your system and locks your PC when you walk away.

Innovating with sustainability

?Our most sustainable commercial PC developed with 64% more recycled and renewable plastics by weight than our previous generation
modelsMade with 18% recycled and renewable plastic.
100% recycled and renewable packaging with multipack options for even less waste.
Innovative use of **bio-based, ocean-bound and post-consumer recycled plastics** throughout your device.
EPEAT Gold registered.
