

Dell Latitude 5530 Core i5 1235U 8GB RAM 256 SSD 15.6 inch FHD Backlit Keyboard English 1 Year

Description

Dell Latitude 5530 Core i5 1235U 8GB Ram 256 SSD 15.6 inch FHD Backlit Keyboard

The confidence to work anywhere

ExpressConnect

Be on 2 networks at once with the world's first simultaneous multi-network connection for faster data and video downloads.¹ Get up to 20% more in data transfer from optimized networking, 30% faster

application data processing and 8 times better video quality from optimized internet bandwidth.^{[2](#)}

4G & Wi-Fi 6E connections

Wi-Fi 6E allows 7 more channels with four times more bandwidth which provides faster, smoother Wi-Fi, especially in high-density areas while 4G LTE options keep you connected wherever you work.^{[3](#)}

Work remote for longer

Long battery life with ExpressCharge that provides up to 80% charge within 60 minutes.^{[4](#)}

The reliability to collaborate everywhere

Intelligent Privacy

Onlooker detection notifies you when someone is peering at your screen and will texturize your screen. Look Away Detect knows when your focus is elsewhere and dims to further protect privacy and save battery life.

Enhanced Camera

Look great on every video call with improved FHD IR camera options. Available Temporal Noise Reduction enhances image quality in any light.

ExpressSign-In

A camera-based proximity sensor wakes your system on approach and locks when you walk away.

Intelligent Audio

Artificial intelligence improves audio and voice quality and adjusts for different environments. Neural Noise Cancellation eliminates unwanted background noise as well as the background noise of the participants on your call.

Performance perfected

ExpressResponse

Based on user behavior, ExpressResponse prioritizes your CPU to improve the performance of the apps you're currently using.

Cool under pressure

New larger dual opposite outlet fan with optimized venting and other thermal improvements keep your system cool even when working with multiple applications. We offer the broadest range of settings⁵ so you can finely tune for the perfect balance of performance, cooling and battery run time.

Power for every project

Enable maximum productivity in more places with 12th Gen Intel® up to Core™ i7 U-series processors and available Intel vPro®.

Storage and memory to spare

With up to 64GB DDR4 memory and up to 2TB SSD storage or up to 4TB with dual SSD, no project is too big.

Our most sustainable Latitude portfolio: Working toward our goals, so you can meet yours

New 100% recycled or renewable packaging

Packaging that looks good and feels good. The first design to meet our 2030 moonshot goals. **Dell's 1st PCs made with bio-based materials**

Our 5000 Series were the 1st PCs in the world made with tree-based bioplastic. The lid contains 21% bioplastic, 30% recycled plastic and 20% reclaimed carbon fiber. We also added 39% bio-based rubber bumpers. **Innovating with even more recycled material**

The new Latitude 5000 series have the world's most innovative use of sustainable materials⁶ in mainstream business laptops, featuring recycled plastics, recycled carbon fiber, bio-based materials⁶, and ocean bound plastics⁶. **Recycling e-waste**

Help us in our mission to make our products with at least 50% recycled or renewable content. Send your e-waste (old electronics of any brand) to us for recycling or reuse in support of a circular economy.

A screen for productivity

Easy on the eyes

Choose the bright 400 nit super low power panel for long battery run time, featuring ComfortView Plus low blue light technology to reduce eye strain for all day working.

Expansive screen in a small footprint

The world's smallest 15" mainstream business laptop⁵ also has impressive screen to body ratio.

Windows 11 Pro – designed for hybrid work.The most productive and secure version of Windows yet—but simple for IT.

***Features shown below may not be available on all products. Please refer to product details page for specific product features.**

***Image is for illustrative purposes. Actual touchpad has four haptic sensors.**
