Enhancements that lead to advancements

One BIOS

New OptiPlex desktops with 13th Gen Intel® core processors feature one BIOS across Towers, Small Form Factors and Micro Form Factors.

13th Gen Intel® Core™ processors

Engineered to increase your productivity.

Dell Optimizer Built-in AI

Intuitive, personalized productivity.

OptiPlex 30th Anniversary

30 years of desktop innovation.

Easy to manage

Seamless startup: Prepared with out-of-Box Remote BIOS Management and HDD Wipe for simplified management across the OptiPlex portfolio.

Easy on IT: Intel vPro® platform options deliver modern management capabilities and hardware-enhanced security.

Save time: Tool-less chassis provides easy access for service, maintenance, and upgrades.

Smart and secure

Part of the Dell Trusted Devices portfolio: OptiPlex offers protection before, below, and above-the-OS ensuring a comprehensive defense framework to evolving threats.

Trusted security: Keep your system safe with Firmware TPM, security lock, Intrusion switch, and cable covers.

Dell Optimizer

Intelligence built around you: Automatically personalise and boost the performance of your system and its entire ecosystem with Dell Optimizer,

an AI-based optimisation software that learns and responds to the way you work.

Personalised Performance: Intelligence and machine learning elevate productivity by automatically personalising performance features across your

entire ecosystem, making them the Dell's most intelligent PCs.

Intelligent Collaboration: Get the Dell's most intelligent collaboration experience with smart audio conferencing,

connectivity and productivity features – all in one software.

Safe, secure and manageable: We ensure optimisation and data collection follows a stringent process to keep your information safe. Any data we do gather

is analysed locally on your system to improve your personal PC experience.

Advancing Sustainability

OptiPlex was our first product to be made with recycled plastic in 2007 and the first to use materials from our closed-loop supply chain in 2014.

Today, OptiPlex Tower desktops contain up to 48% recycled material, including closed-loop plastic. They are also EPEAT Gold registered and Energy Star certified.

Dell APEX PC-as-a-Service

Accelerate anywhere work experiences with customizable plans to help you deploy, manage, support devices. Leverage both the built-in protections

of the industry's most secure commercial PCs and software protections for advanced threats to help ensure a trusted workplace for a predictable price per month.

Stay Secure, Be Productive

Start secure. Stay Secure. Organisations report a 58% drop in security incidents with Windows 11 Pro devices.

Windows 11 Pro devices help you simplify your workday and improve productivity. Switch seamlessly between locations. Blaze through your to-do list with AI-powered multitasking,

features to get organised in a snap, and performance to speed demanding workloads to completion 42% faster on average.
