

Dell OptiPlex All-in-One 7420 Intel® Core™ i7 14700 vPro® 16GB RAM 512GB SSD TOUCH DOS 3 Year

Description

Dell OptiPlex All-in-One 7420 Intel® Core™ i7 14700 vPro® 16GB RAM 512GB SSD TOUCH DOS 3 Year

Intelligence meets simplicity

Intelligent desktops for every workstyle.

Find your OptiPlex in just two steps: Select your form factor, then choose the right features for the job.

Simplified management: Our new OptiPlex desktops with Intel® Core™ processors (14th generation) feature one BIOS for all-in-ones and one BIOS across towers, small form factors, and micro form factors.

Which OptiPlex configuration is right for you?

OptiPlex All-in-Ones allow users to interact seamlessly and securely with the smartest collaboration features from OptiPlex.

Perfect for small collaboration spaces, the All-in-One includes built-in camera and speakers for outstanding performance in a clean,

desk-friendly design with a minimal footprint. Here are the key differences:

All-in-One (35-Watt CPU)

Features 35-watt processors up to Intel® Core™ i5, a FHD HDR camera, integrated graphics, and the choice of fixed or height-adjustable stands.

This base configuration also comes with an external power supply unit.

All-in-One (65-Watt CPU)

Features 65-watt processors up to Intel® Core™ i7, an FHD HDR camera, integrated graphics, and the choice of fixed or height-adjustable stands.

All-in-One Plus

Features 65-Watt processors up to Intel® Core™ i9, an optional 5MP IR camera, optional discrete graphics, and choice of fixed or height adjustable stand, or height adjustable stand with optical disc drive.

Collaboration at your finger tips**Intelligent Audio**

Adaptive audio adjusts speakers and mics to the user's proximity,, while intelligent audio provides automatic noise cancellation based on environment.

New FHD HDR Camera

High dynamic range (HDR) technology automatically adjusts clarity in any lighting environment, including low light.

direct sunlight or high contrast lighting conditions with greater tonal range.

Ergonomic stand options

Ergonomic stand options are designed to match Dell displays for a seamless dual-display setup. The Height Adjustable Stand can rotate 90 degrees, tilt, and pivot to best suit users' needs.

Work your way

Aesthetics are in: Choose a sleek new silver design (OptiPlex All-in-One Plus) or dark grey design (OptiPlex All-in-One) with matching stands.

Everything at your finger tips: Work comfortably with choice of TUV Low Blue Light certified touch and non-touch panels.

Upgraded inside and out: Expand your performance with up to 64GB of DDR5 memory, and up to (2) M.2 storage drives, plus optional AMD discrete graphics options.

Work smarter

Get ahead: Dell Optimiser enables Presence Detection with Wake on Approach so you can get to work faster than ever.

Stay secure: Protect your desktop and data with Look Away Detect, Onlooker Detection, or Walk-away Lock when you leave your workspace.

Uninterrupted workdays: Input Guardian is an innovative UPS feature to ensure a stable power supply.

Dell Trusted Devices

Reduce the Attack Surface of Your Fleet with OptiPlex.

OptiPlex is a part of the industry's most secure commercial PC family from Dell, with built-in security features that keep you protected and give you visibility to threats for swift action. OptiPlex customers trust our secure desktop solutions, featuring TPM 2.0.

lockable stands and mounts, smart authentication options, and chassis intrusion switches.

Be secure from the first boot. Rigorous, state-of-the-art supply chain controls and

Dell-unique Secured Component Verification reduces the risk of product tampering.

Stay protected from evolving threats: Only Dell offers off-host BIOS and firmware verification.

providing greater security than other PCs. Comprehensive security support further minimises the risk of attack in-use.

Early-alert threat detection: Indicators of Attack, an early-alert feature offered only by Dell, scans for behaviour-based threats before they can do damage, e.g., BIOS attacks, chassis intrusion.?

Safeguard user credentials: Our unique security chip offers an extra, hardware-based layer of security against credential theft.

Thin Client Solution

Pair the OptiPlex All-in-One with Dell ThinOS, Dell Hybrid Client, or Windows 10 IoT Enterprise for a personalised thin client solution delivering confident access to your virtual workspaces. All powered by Cloud Client Workspace.
