PowerEdge R750xs Rack Server

Your innovation engine

The Dell EMC PowerEdge R750xs is a 2U, dual-socket, feature-optimized server with an ideal selection of CPU, I/O and storage performance for scale-out.

Purpose-built 2U for growing scale-out solutions

- The Dell EMC PowerEdge R750xs with 3rd Generation Intel® Xeon® Scalable processors is designed for virtualization, medium VM density or VDI, and software-defined storage node workloads.
- Supports up to 32 cores per CPU, and up to 16x DDR4 RDIMMs at up to 3200 MT/s
- Built for fast growing solutions with an optimal footprint and up to 24 drives for SDS deployments
- Manage with iDRAC9 Enterprise, OpenManage Enterprise and Plugins, iDRAC Direct, and Quick Sync 2.0
- Full-stack management integration with Microsoft, VMware, ServiceNow, Ansible and many other tools for on-premises, edge and cloud environments

Systems Management and Security Solutions

OpenManage systems management
The Dell Technologies OpenManage systems management portfolio helps tame the complexity of your IT environment with tools and solutions to discover, monitor, manage, update, and deploy your PowerEdge infrastructure.
Intelligent Automation
Intelligent Automation
PowerEdge and OpenManage solutions integrate tools across the portfolio to help organizations

automate the server lifecycle, optimize operations, and scale efficiently.

Built-in security

PowerEdge servers are made with a cyber resilient architecture that builds in security at every phase of the product lifecycle, from the silicon root of trust and secured component verification, to signed firmware and drift detection, to BIOS recovery.

Dell Technologies offers complete end-to-end services

Consulting

Consulting services give expert guidance to help you grow, optimize and transform your IT environment at your own pace and budget. We employ a broad range of certified consultants and engineers, backed by program management teams, who can deliver deep technical expertise. We give you the confidence that your project will be done right and on time.

Support

Gain the freedom to focus on your business transformation with the support expertise and insights Dell is known for across the globe. Choose the right support based on the criticality of specific systems with available automated predictive analysis, collaborative third-party assistance and a Technology Service Manager.

Deployment

ProDeploy Enterprise Suite helps you get more out of technology starting on day one. Residency Service provides ongoing transition assistance to accelerate adoption. Trust our experts to lead deployments from basic hardware installations through planning, configuration and complex integrations to help you achieve business outcomes today and tomorrow.

Education

Supertech Web Store

Education Services offers an expansive suite of training services with multiple delivery methods, including instructor-led, self-paced online and virtual instructor-led training. With comprehensive and flexible training programs, we make it easy to ensure your staff has the skills they need to successfully manage and utilize your new technology to its full potential.

Need enhanced server performance for enterprise workloads? Explore the **Dell PowerEdge R760xs Rack Server** with Intel Xeon Silver 4410Y, 32GB RDIMM, 2.4TB HDD, and dual 700W PSUs — available now at Supertech with a 3-year warranty.
