

Dell PowerEdge R750XS Server 4310T intel Xeon 16GB 2.4TB 800W 3 Year (without bezel)

Description

Dell PowerEdge R750xs Intel Xeon Silver 4310 16GB RDIMM iDRAC9 Enterprise 15G 12Gbps 512e 2.5in Hot-plug Hard Drive 3.5in HYB 3 Year (without bezel)

The **Dell PowerEdge R750XS Server** delivers outstanding performance for growing enterprises. Equipped with Intel Xeon 4310T, 16GB RAM, and 2.4TB storage, it ensures scalable, efficient computing. Backed by a 3-year warranty, this server is available now at **Supertech**, your trusted Dell supplier in the UAE.

Your innovation engine

The Dell EMC PowerEdge R750xs is a 2U, dual-socket, feature-optimized server with an ideal selection of CPU, I/O and storage performance for scale-out.

Purpose-built 2U for growing scale-out solutions

The Dell EMC PowerEdge R750xs with 3rd Generation Intel® Xeon® Scalable processors is designed for virtualization, medium VM density or VDI, and software-defined storage node workloads.

Supports up to 32 cores per CPU, and up to 16x DDR4 RDIMMs at up to 3200 MT/s

Built for fast growing solutions with an optimal footprint and up to 24 drives for SDS deployments

Manage with iDRAC9 Enterprise, OpenManage Enterprise and Plugins, iDRAC Direct, and Quick Sync 2.0

Full-stack management integration with Microsoft, VMware, ServiceNow, Ansible and many other tools for on-premises, edge and cloud environments

Systems Management and Security Solutions

OpenManage systems management

The Dell Technologies OpenManage systems management portfolio helps tame the complexity of your IT environment with tools and solutions to discover, monitor, manage, update, and deploy your PowerEdge infrastructure.

Intelligent Automation

PowerEdge and OpenManage solutions integrate tools across the portfolio to help organizations automate the server lifecycle, optimize operations, and scale efficiently.

Built-in security

PowerEdge servers are made with a cyber resilient architecture that builds in security at every phase of the product lifecycle, from the silicon root of trust and secured component verification, to signed firmware and drift detection, to BIOS recovery.

Looking for enterprise performance? Check out the [Dell PowerEdge R750xs 4310 Intel Xeon Server](#) featuring 16GB RAM, 2.4TB storage, and 800W power supply. Now available at **Supertech**, your trusted Dell server supplier in the UAE.
