Safe, secure and manageable: With Dell Optimizer, AI and machine learning gather and analyze data locally on the system–only event

data and service heartbeat are sent to help Dell understand if the app is working appropriately. Optimization and data collection follow a stringent

process to ensure your privacy and security-using data to improve your PC experience continually. No personal data is sent and used without your explicit consent.

Analytics: Generate end-user reports and analyze your system for personalized insights.

Sustainably-made

Made from sustainable materials like recycled carbon fiber and renewable castor-oil; precisions are registered EPEAT Gold.
It also ships to you in both a recycled and recyclable container.

Independent Software Vendor (ISV) certification

Precision workstations are tested to ensure the high-performance applications you rely on every day run smoothly.

Stay Secure, Be Productive

Start secure. Stay Secure. Organizations report a 58% drop in security incidents with Windows 11 Pro devices.

Windows 11 Pro devices help you simplify your workday and improve productivity. Switch seamlessly between locations.

Blaze through your to-do list with AI-powered multitasking, features to get organized in a snap, and performance to speed

demanding workloads to completion 42% faster on average.
Looking for a high-end mobile workstation with powerful graphics and vPro performance? Explore the Dell Precision 5690 with Ultra 9 185H, RTX 2000 Ada, and 32GB RAM – available now at Supertech.
