Powerful performance

You won’t believe your eyes
Whether you’re working on website design or CAD, Intel integrated graphics or up to AMD Radeon Pro or NVIDIA pro graphics (up to 450W) ensure

a smooth and elevated visual experience every time.

Slowing down isn’t an option
Up to Intel Core i9k, 24 (8P + 16E) Core™ processors. Up to NVIDIA RTX A6000 graphics and 64GB of 4800MHz DDR5 memory.

Up to 28TB of RAID-capable storage.

Convenient connectivity
Integrated Wi-Fi 6 and Bluetooth 5.2 with vPro.

Optional air and liquid cooling

The flow of air or liquid keeps your internals cool, and your workspace silent, so your creativity is never interrupted. Advanced thermals help to
keep your system running at peak performance.
Reliable Memory Technology Pro
Works with ECC memory to detect bad memory, correct errors, map out bad memory sectors and report.
Independent Software Vendor (ISV) certification
Precision workstations are tested to ensure the high-performance applications you rely on every day run smoothly.
