Description

HP Z2 Mini G9 Workstation Intel Core I7-14700 16GB RAM 512GB SSD NVIDIA® T400 4GB GDDR6 Windows 11 pro – 86D50EA#ABV

HP Z2 Mini G9 Workstation is a powerful and compact desktop designed for professionals. Featuring an Intel Core i7-14700 processor, 16GB RAM, 512GB SSD, and NVIDIA T400 4GB GDDR6 Graphics, it delivers smooth performance for design, 3D work, and multitasking on Windows 11 Pro.

Z mini unprecedented power

Get standard low-profile NVIDIA® GPU and Intel® CPU for seamless design, rendering and simulation.

Supertech Web Store

Fits everywhere.

Create your ideal workspace in the office or at home. Place the Z2 Mini behind a monitor or under a desk.

Designed to evolve with your workflow

The new pull-out design allows tool-free access to the interior so you can easily replace graphics, memory and more.

Enables large workflows. Fits into a small space.

Windows 11

Work anywhere without compromising performance or security in Windows 11 with collaboration and connectivity technology from HP.

Intel® Core™ i7 processor

Run several CPU-intensive programs simultaneously without sacrificing performance with the Intel® Core™ i7 processor.

Multi-Display support

See all your windows in perfect detail with support for up to 8 screens in 4K resolution

Tool-free access

Improve your work. Improve your platform. With a sliding cover for tool-free access, you can easily get inside and customize your Z to suit your needs.
