Dependable performance

The ThinkCentre M70s Gen 3 (Intel) is designed for powerful productivity with up to 12th Gen Intel® Core™ i9 vPro® processors. Up to 64 GB of DDR4 memory and dedicated graphics options help you tackle multitasking, data-intensive operations, and complex graphic projects–all in a space-saving form factor.

Dependable speed

Boot up, search, and access your data quickly and reliably with Gen 4 PCIe solid-state drive (SSD) storage, while 3D NAND technology ensures reliable performance and optimal power consumption for your PC.

Shown with optional optical drive

Productivity that grows with you

Supertech Web Store

Whether multitasking administrative tasks, crunching data-intensive analytics or editing high-resolution graphics, you never sacrifice performance. Engineered for upgradability, the M70s Gen 3 comes equipped with multiple optional I/O ports and expansion slots so you can configure your PC for your specific needs.

Smart. Easy. Connected.

You never lack connectivity for your peripherals with multiple port and wireless options. And thanks to the innovative Smart Cable, the M70s Gen 3 collaborates efficiently with USB devices and even another laptop or tablet. Its DP and HDMI ports allow you to run up to four monitors simultaneously, and additional expansion slots allow you to configure your PC further.

Secure your data & your business

With Lenovo ThinkShield, hardware and software security deliver peace of mind. Discrete Trusted Platform Module (dTPM) 2.0 on-chip encryption protects your passwords and data. BIOS-based Smart USB prevents unauthorized access, while the physical lock features can secure your PC from theft. We use the US Department of Defense's MIL-STD 810H standards to create a balance of reliability and durability for our ThinkCentre desktops. We test against 12 standards and 20 procedures to ensure they run in extreme conditions. These tests cover harsh variables like Arctic wilderness and desert dust storms, including temperature, pressure, humidity, vibration, and more.

Eco-friendly & user-friendly

The M70s Gen 3 has multiple environmental certificates, including ENERGY STAR® 8.0, EPEAT™ Gold, RoHS, and more. In addition, TÜV Low Noise certification means this PC is both eco- and user-friendly.
