Windows 11 Pro 16? WUXGA 3 Year – 21MN000DGR**

Description

**Lenovo ThinkPad T16 Gen 3 Intel Core Ultra 7-155U 16GB RAM 512GB SSD
Windows 11 Pro 16? WUXGA 3 Year – 21MN000DGR**

High-Performing Productivity & Accessibility

Powered by Intel® Core™ Ultra processors, the Lenovo ThinkPad T16 Gen 3 (16? Intel) taps into AI-assisted productivity like never before.

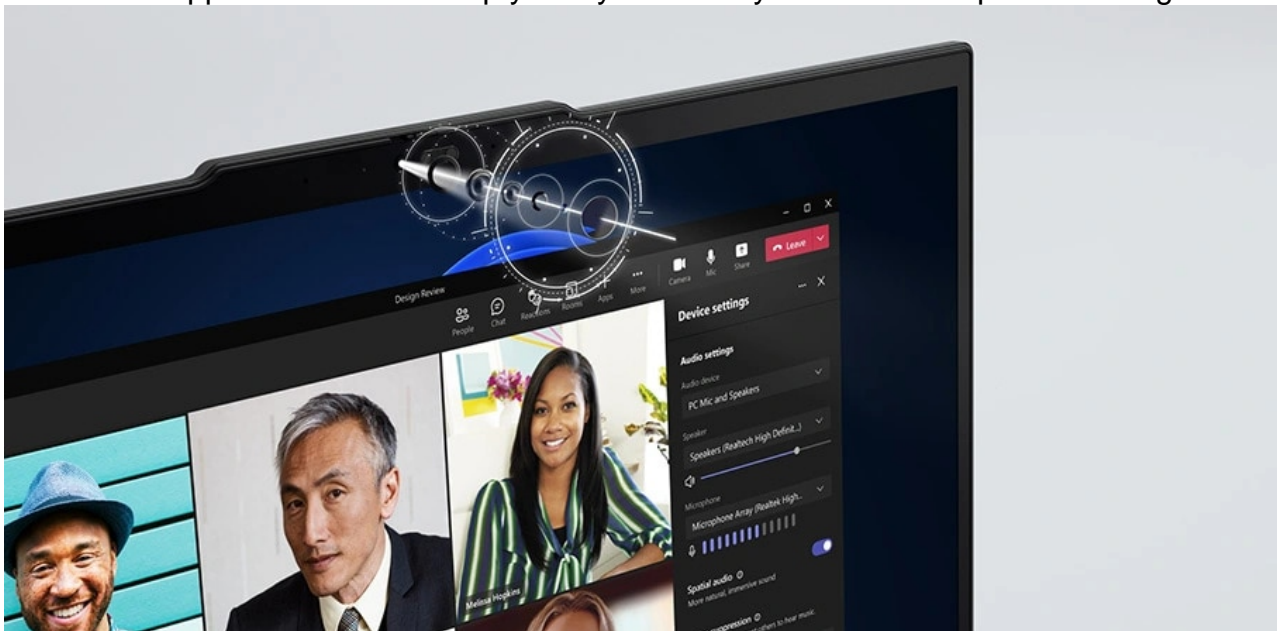

Enjoy optimized performance with dedicated AI engines. And the new ThinkPad keyboard features tactile markers to help the visually impaired find the correct keys, plus a larger TrackPad and TrackPoint Quick Menu.

Repairable & Upgradeable

We've made it easy to repair your system with customer replaceable units (CRUs), even with no tech expertise. For ease of maintenance and do-it-yourself serviceability, this laptop boasts an industry-leading 9/10 on the iFixit Repairability

Score. This means you can trust our support services to keep your system and your business up and running.

Accessibility, Convenience, & Aesthetics Meet Here

The T16 Gen 3 is more accessible to the visually impaired not only due to tactile keyboard markers – it also features an LED Braille indicator for easy location of the power port. A communications bar houses the mics and camera/privacy shutter, while thin bezels yield an impressive, aesthetically pleasing screen-to-body ratio & gorgeous panel.

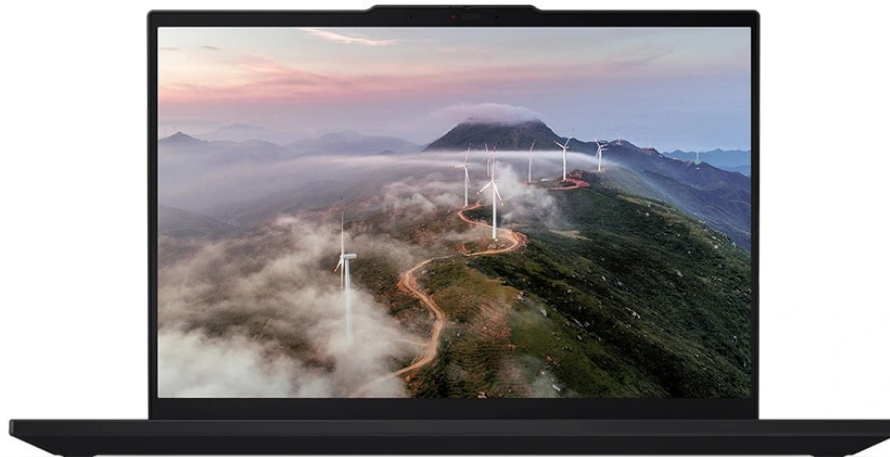

Cooler Operation

We've also redesigned the ThinkPad T16 laptop's thermals. Dual fans direct the airflow to the rear of the laptop rather than the side, keeping your mouse hand—and the laptop—cooler. This also allows an increase in thermal design power, for better performance.

Keeping Your Data Locked Down Tight

Biometrics protect the ThinkPad T16 Gen 3 laptop, from the fingerprint reader to facial recognition software. ThinkShield, our comprehensive suite of security solutions, boasts discrete Trusted Platform Module (dTPM) to safeguard critical data with encryption. Plus, AI-based Intel® Hardware Shield helps prevent and defend against attacks.

Commitment to Sustainability

We're committed to making a positive impact on our environment. This laptop uses post-consumer content (PCC) recycled plastic in various components, including 90% in the AC adapter, battery enclosure, and speaker enclosure. Plus it's certified

ENERGY STAR 8.0 & TCO 9, and packaging is 100% plastic-free, certified by the FSC®. Looking for a **high-performance laptop**? Check out the [Lenovo ThinkPad T16 Gen 3](#) at **Supertech**.
