

Lenovo ThinkBook 14 G2 ITL Intel® Core i7-1165G7 8GB RAM 512GB SSD Free Dos English 1 year – 20VD0085AK

Description

Features

Turbocharge your business with the 14" Lenovo ThinkBook 14 Gen 2. This powerful laptop sports up to an 11th Gen Intel® Core™ processor and offers a range of robust storage and memory options. Smart features optimize conferencing for seamless remote work, protect your eyes from damaging blue light, intelligently manage cooling, and more.

Productivity anywhere

Managing intensive tasks is a snap with the Lenovo ThinkBook 14 Gen 2 laptop, thanks to advanced 10 Gen Intel Core™ processors enhanced by AI technology. With up to 2TB in dual-SSD storage options and up to 40GB memory, this business powerhouse equips you for even the most demanding apps. And thanks to Intelligent Cooling, you won't have to worry about it overheating. High resolution, low blue light The Lenovo ThinkBook 14 Gen 2 laptop's display offers FHD resolution and optional 100% sRGB color gamut for lifelike visuals with accurate color and contrast. It's built for flicker-free visuals and supports TÜV Rheinland Low Blue Light on select models. Choose a touchscreen model to enhance your experience with intuitive navigation and interaction.

Thin, light, & distinctive

The Lenovo ThinkBook 14 Gen 2 lets you and your employees stand out, thanks to its elegant, professional dual-tone design. Its sleek bezels deliver an 85% screen-to-body ratio. And at just 17.9mm and 1.4kg, it's thin and light enough to take anywhere. Smarter teleconferencing The Lenovo ThinkBook 14 Gen 2 helps you minimize the hassles and inconveniences of remote work. AI-based noise cancellation optimizes teleconferencing audio, while special controls give you more power over what your mic transmits.

Connect anywhere

Speedy WiFi 6 enables faster downloads, increased bandwidth, lower latency, and seamless conferencing. And connecting to peripherals is hassle-free, thanks to a generous selection of ports including a cutting-edge Thunderbolt™ 4 along with a full-function USB-C 3.1 Gen 2, HDMI, USB-A 3.2

Gen 1, and more. Secure, safe, & smart The Lenovo ThinkBook 14 Gen 2 keeps your business data—and your personal privacy—safe. Hardware and firmware features like Trusted Platform Module (TPM), self-healing BIOS, I/O port access control, secure wipe, and more. A webcam privacy shutter lets you physically block the camera when you're not using it. And smart features complete your experience: Get the most out of visual content with video resolution upscaling, start up your Lenovo ThinkBook instantly just by opening the top cover, and more.
