Description

Lenovo ThinkBook 14 Gen 8 Intel® Core™ Ultra 7 255H 16GB RAM 512GB SSD 14"Wuxga Backlit, English Free Dos 1 Year – 21SJ0010GQ

Responsive Power for the Driven

Designed to cater to the modern demands of SMBs and power users, the Lenovo ThinkBook 14 Gen 8 laptop harnesses the power of an Intel® Core™ processor to elevate daily performance. Its impressive computational power streamlines complex data tasks while intelligent features boost power efficiency under high-demand workloads for efficient computing.

Thin, Durable, and Ready to Go!

Discover the ease of portability with the ThinkBook 14 Gen 8's slim, lightweight profile. Its durable aluminum construction and flexible design make it ideal for working in a variety of settings. The ultra-thin bezels amplify screen space, allowing for an exceptional experience — whether working on presentations or live streaming.

A Feast for Your Senses

Immerse yourself in stunning visuals on the 14" ThinkBook Gen 8 laptop that comes with multiple display choices. Its generous screen real estate and accurate color precision creates a captivating viewing experience, while Dolby Audio™ enhances sound quality at its best. Plus, it's TÜV Eyesafe® certified to help prevent eye fatigue during extended hours.

Ergonomic Design, Enduring Power

This Gen 8 laptop offers user comfort with enhanced keyboard features and strategic key alignment. It also ensures top-tier productivity with a dedicated Copilot key — a ready AI assistant. Built to endure accidental spills, this ThinkBook further adds to the device's durability. Plus, ENERGY STAR® 9.0 certification helps reduce operational costs while maintaining energy efficiency.

Power Your Projects & Expand Your Potential — Anywhere

Enjoy extensive expandability on the 14" Gen 8 notebook with ample storage and responsive memory options — regardless of your work setting. A variety of ports allows for smooth file transfers and screen sharing. Furthermore, seamless connectivity and noise-canceling features facilitate consistent online collaboration, keeping ambient noises at bay.

Next-Level Security at Your Fingertips

Strengthen your digital safeguards with the ThinkBook 14 Gen 8 laptop. The Firmware Trusted Platform Module (fTPM) ensures robust data encryption while the optional match-on-host (MOH) fingerprint reader, built into the power button, offers secure login and immediate bootup. Additionally, the webcam privacy shutter provides an extra layer of defense.

Credibility & Collaboration

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
