Shown with TIO monitor sold separately

Compact yet full of possibilities

The ThinkCentre M70q Gen 3 Tiny (Intel) is full of enterprise-grade power, speed, and potential. Thanks to Intel® 12th Gen Intel® Core™ processors, this compact PC gives you high performance in the smallest of workspaces. It comes with various storage options and dual rear expansion slots to extend your port options.

Safeguard your data, ideas, & business

Every ThinkCentre has the added protection of ThinkShield—Lenovo's comprehensive, end-to-end security solution, combining industry-leading hardware, software, and services. The ThinkCentre M70q Gen 3 Tiny also has customizable security features, including BIOS-based Smart USB Protection, a secure hardware-based crypto-processor, and a cable lock slot to help thwart theft.

Shown with TIO monitor, wireless keyboard and mouse sold separately

Easy to deploy, upgrade, & manage

This desktop PC has a breeze to set up and run with built-in drivers to support various operating systems. As your business needs grow, the toolless access design makes expanding storage simple. It also has a host of ports and connectivity options, enabling you to connect all manner of devices, from industry-specific equipment to legacy peripherals.

Totally versatile, totally practical

With its sleek form, the ThinkCentre M70q Gen 3 Tiny is ideal for any modern workspace, whether in an office, healthcare, or retail environment. It can also live anywhere—on a desk or ThinkCentre Vertical Stand, up on a wall, or bundled with a Tiny-in-One (TIO). You can also connect up to four monitors and turn on the PC with a simple keyboard shortcut.

Durability & reliability you can trust

We use the US Department of Defense's MIL-STD 810H standards to create a balance of reliability and durability for our ThinkCentre desktops. We test against 12 standards and 20 procedures to ensure they run in extreme conditions. These tests cover harsh variables like Arctic wilderness and desert dust storms, including temperature, pressure, humidity, vibration, and more.

Sustainable engineering at its best

The ThinkCentre M70q Gen 3 Tiny meets various global energy-efficiency, health & safety, and sustainability standards. This includes ENERGY STAR® 8.0, EPEAT® Gold, and is low-noise certified by TÜV Rheinland. It also has the option of a ThinkCentre Tiny Dust Shield, an easy-to-remove, wash, and replace nylon mesh sheet to stop dust and dirt from getting inside your PC. ICE 5.0 Cooling (Intelligent Cooling Engine) ensures your ThinkCentre maintains temperatures at an optimal level for high-performance computing while carefully controlling power consumption.
