Windows 11 Pro Arabic – 12E30030GR

Features

Compact yet full of potential

The Lenovo ThinkCentre M70q Gen 4 Tiny (Intel) saves on space yet delivers on performance. Boasting full-sized desktop power

with up to Intel vPro® with 13th Generation Intel® Core™ processors, this PC supports dual HDD and SSD storage. It also has option dual

expansion ports that can be configured to meet your exact needs. Ideal for the modern professional, whether you're in healthcare, retail, or the front or back office.

Monitor, wireless keyboard, & mouse sold separately.

Security inside & out

Every ThinkCentre lets you innovate fearlessly with the reinforced security of ThinkShield, our comprehensive end-to-end security solution.

Combining industry-leading hardware, software, and services, it's designed to safeguard your data, ideas, and business. This Tiny

desktop includes a self-healing BIOS, a Trusted Platform Module (TPM) to encrypt your data, and a Kensington Security Slot™ to

physically secure your PC. And when you choose the Intel vPro® platform, you have additional multilayer, hardware-based protection.

Monitor, wireless keyboard, & mouse sold separately.

Designed for today & tomorrow

The ThinkCentre M70q Gen 4 Tiny (Intel) desktop is easy to deploy, upgrade, and manage. With toolless access to the solid

state drive and memory module, it's also a breeze to expand and maintain. What's more, this PC can connect with legacy

computing peripherals and is designed to grow with your business.

Monitors, wireless keyboard & mouse sold separately.

As versatile as it is powerful

The ThinkCentre M70q Gen 4 Tiny (Intel) is designed with people — and shrinking workspaces — in mind. Its sleek, modern design

and compact 1L form allow this Tiny PC to fit seamlessly anywhere. It can sit on a desk, be mounted on a wall or out of the way, or

slid snugly into the back of a ThinkCentre Tiny-in-One (TIO) monitor. It can also support up to four displays and its ports offer fast charging and quick data sharing.

ThinkCentre Tiny-in-One, wireless keyboard, & mouse sold separately.

It won't let you down

Our dedication to constantly improving product quality means rigorous testing for durability and reliability. In addition to our

extensive in-house testing for real-world challenges, the ThinkCentre M70q Gen 4 Tiny desktop is tested against the US Department

of Defense's MIL-STD 810H standards. These tests cover harsh variables like the Arctic wilderness to desert dust storms. It also

meets stringent tests for temperature, pressure, humidity, vibration, and more.

Less impactful on the planet & users

The ThinkCentre M70q Gen 4 Tiny PC also meets various global standards for energy-efficiency and health & safety, including ENERGY

STAR® 8.0 and EPEAT® Gold. Additionally, it's been low-noise certified by TÜV Rheinland. It also comes with the option of ThinkCentre

Tiny Dust Shield, which is easy to remove, wash, and replace, and helps to prolong the life of your PC.
