

Lenovo ThinkCentre M70q Gen 5 Intel® Core i7-14700T 8GB RAM 512GB SSD
FreeDose 1 Year – 12TD005VGP

Description

**Lenovo ThinkCentre M70q Gen 5 Intel® Core i7-14700T 8GB RAM 512GB SSD
FreeDose 1 Year – 12TD005VGP**

The Lenovo ThinkCentre M70q Gen5 is a compact and powerful Mini PC designed for modern business and office use. Featuring an **Intel® Core™ i7-14700T processor**, **8GB RAM**, and **512GB SSD**, the **Lenovo ThinkCentre M70q Gen5** delivers fast performance, smooth multitasking, and reliable operation for MEA businesses. Its **Intel Graphics**, FreeDOS, and 1-Year Warranty make it an ideal choice for professional environments.

Keep Your Business Your Own

ThinkShield, our suite of security solutions safeguards your critical data and device. A self-healing BIOS restores your system to an earlier state should it ever be corrupted, while discrete Trusted Platform Module encrypts data. Optional Intel vPro® Enterprise boasts multilayered protection against cyber threats, data theft, and more.

Effortless Management

The ThinkCentre M70q Gen 5 Tiny PC boasts hassle-free deployment, upgrades, and management thanks to built-in driver support for older operating system (OS) versions. Tool-less access makes maintenance and expansion to memory modules and storage fast and efficient.

Tuck it Away or Showcase on a Desk

Looking for a sleek desktop that fits anywhere? The ThinkCentre M70q Gen 5 Tiny can be easily mounted to the back of a monitor, beneath a desk, or even tucked away on a bookshelf (mounting kits sold separately). Plus you can position it horizontally or vertically — whatever suits your needs. What's more, it supports up to three displays for when you really need to see what's going on.

ThinkCentre Tough

We use the US Department of Defense's MIL-STD 810H to create a balance of reliability and durability for our devices. Meeting 12 standards and 17 procedures, ThinkCentre PCs are engineered to run in harsh conditions like the Arctic wilderness, desert dust storms, extreme temps, pressure, humidity, vibration, and more.

Commitment to Recycling

The ThinkCentre M70q Gen 5 tiny PC uses 85% post-consumer content (PCC) recycled acrylonitrile butadiene styrene (ABS) in the chassis. The packaging has 30% ocean-bound plastic in the thermal shell and bag, with a Forest Stewardship Council® (FSC) certified carton. Plus it's certified ENERGY STAR® 8.0 for energy efficiency and reduced costs.
