

Lenovo ThinkCentre M70t Gen 4 Tower Desktop Intel Core i5-13400 8GB RAM
512GB SSD DOS EN/AR 1 Year – 12DR0021GR

Description

**Lenovo ThinkCentre M70t Gen 4 Tower Desktop Intel Core i5-13400 8GB RAM
512GB SSD DOS EN/AR 1 Year – 12DR0021GR**

Powerful performance

Perfect for multitaskers, the Lenovo ThinkCentre M70t Gen 4 (Intel) tower was engineered for high productivity. Its multiple memory slots can seat tremendous amounts of memory and it boasts up to

Intel vPro® Enterprise with 13th Gen Intel® Core™ processors. This beast can handle complex data tasks and graphics projects without a problem.

Versatile connectivity

The ThinkCentre M70t Gen 4 (Intel) tower features multiple I/O ports and flexible expansion slots to accommodate your needs as your business grows. Enjoy innovative device collaboration with the Smart Cable for easy USB-A and USB-C connection to support all your peripherals—even another laptop or tablet. Optional solid-state drive (SSD) storage offers speed and responsiveness, while 3D NAND technology gives your SSD more reliable performance and improved power consumption.

Dependable security

Lenovo ThinkShield security offers a combination of hardware and software solutions to protect your data—and your business. A discrete Trusted Platform Module (dTPM) 2.0 chip encrypts your passwords and data, while BIOS-based Smart USB protection and individual USB port disablement prevent unauthorized access via peripheral. The Kensington™ Lock slots, chassis e-locks, and more options discourage physical theft. When paired with Intel vPro® Enterprise, the M70t provides additional hardware-based security capabilities for next-level protection.

Environmental sustainability

This PC meets the highest environmental standards, including TCO 9.0* and EPEAT™ Gold. Lenovo is committed to creating eco-friendly products using recyclable, toxic-free components in every device.

Plus, by 2025/26, 90% of PC products' packaging will be made from recycled materials.*Varies by configuration.

Purposeful design

This Lenovo ThinkCentre tower desktop provides intentional features like Smart Power On which allows users to turn on the desktop using a simple keyboard shortcut, as well as the new Smart Cable that delivers connectivity ease and speed. Because it meets MIL-STD 810H guidelines with 12 methods and 20 procedures, this powerful device reflects Lenovo's dedication to product quality, durability, and reliability. Tested against real-world challenges like volt surges, shock, vibration, and extreme temperatures, this desktop is ready for anything.
