Raise the bar, effortlessly

As yet another deadline approaches, you need a PC you can trust. Like the space-saving ThinkCentre neo 30a 27? all-in-one PC. It has powerful 13th Gen Intel® Core™ processors and integrated graphics. It can therefore handle anything from intensive number-crunching to intricate hi-res designs

and painstaking video-editing. What’s more, it saves on desk space, too.

All you need to be creative & productive

Supertech Web Store

Visually, the ThinkCentre neo 30a 27? AIO walks the walk and talks the talk. Its 27? FHD almost-borderless display delivers superb clarity, along with an array of stunning colours and amazing brightness. It also boasts an impressive 90% screen-to-body-ratio and seamless 60Hz refresh rates. So whether you’re finalising a design or putting the finishing touches to a key presentation, this stylish all-in-one PC gets the job done.

A joy to work with & manage

The ThinkCentre neo 30a 27? AlO is a breeze to use for end-users and IT teams, alike. This all-in-one PC comes with a host of smart features, such as Lenovo Vantage enabling it to be used right out of the box. It's also easy to manage, update, and secure—even if the users and IT teams are in different locations. Plus, thanks to its Alexa-based Voice Assist feature, being organised, informed, and entertained couldn't be easier.

Because things happen

Designed to be secure, the ThinkCentre neo 30a 27? AlO is fully compliant with ThinkShield, a customisable hardware and software security platform to help thwart would-be criminals. It also comes with the Firmware Trusted Platform Module (FTPM), so your data and passwords are encrypted. In addition, there's a smart cable clip slot at the rear so you can lock other devices via their cables to this all-in-one PC with a smart cable lock (optional, not supplied).

The smarter way to work

Supertech Web Store

The more creative and collaborative the environment and tools, the more likely employees will thrive. That’s the thinking behind the ThinkCentre neo 30a 27? AlO and its array of smart AI-based features that make every online meeting flow seamlessly. For instance, Lenovo Smart Appearance has camera effects for enhanced videoconferencing and the time-saving AI Meeting Manager boasts real-time notetaking and translation functionality.
