Raise the bar, effortlessly

As yet another deadline approaches, you need a PC you can trust. Like the space-saving ThinkCentre Neo 30a all-in-one PC. It has powerful Intel® Core™ processors and integrated graphics, backed by heaps of memory and storage, plus choice of hard or solid-state drives. It can therefore handle anything from intensive number-crunching to intricate hi-res designs and painstaking video-editing. What's more, it saves on desk space, too.

All you need to be creative & productive

Visually, the ThinkCentre Neo 30a walks the walk and talks the talk. Its 27" FHD almost-borderless display delivers superb clarity, along with an array of stunning colours

and amazing brightness. It also boasts an impressive 90% screen-to-body-ratio and seamless 60Hz refresh rates. So whether you're finalizing a design or putting the

finishing touches to a key presentation, this stylish all-in-one PC gets the job done.

A joy to work with & manage

The ThinkCentre Neo 30a is a breeze to use for end-users and IT teams, alike. This all-in-one PC comes with a host of smart features, such as Lenovo Vantage enabling it to be used right out of the box. It's also easy to manage, update, and secure—even if the users and IT teams are in different locations. Plus, thanks to its Alexa-based Voice

Assist feature, being organized, informed, and entertained couldn't be easier.

Because things happen

Designed to be secure, the ThinkCentre Neo 30a is fully compliant with ThinkShield, a customizable hardware and software security platform to help thwart would-be criminals.

It also comes with the Firmware Trusted Platform Module (FTPM), so your data and passwords are encrypted. In addition, there's a smart cable clip slot at the rear so you can lock other devices via their cables to this all-in-one PC with a smart cable lock (optional, not supplied).

The smarter way to work

The more creative and collaborative the environment and tools, the more likely employees will thrive. That's the thinking behind the ThinkCentre Neo 30a and its array of smart

AI-based features that make every online meeting flow seamlessly. For instance, Lenovo Smart Appearance has camera effects for enhanced videoconferencing and the time-saving AI Meeting Manager boasts real-time notetaking and translation functionality.

Designed to work with you

So that you don't miss any key text messages or calls, the ThinkCentre Neo 30a all-in-one has a convenient slot to store your phone while you work. This stylish all-in-one is also

TÜV-certified to emit less blue light and noise than a regular PC, making it kinder on your eyes and ears.
