

Lenovo ThinkCentre neo 50q Tiny Business Desktop Gen 4 Intel Core i5-13420H 8GB RAM 512GB SSD DOS 1 Year – 12LN003PGP

Description

**Lenovo ThinkCentre neo 50q Gen 4 Intel Core i5-13420H 8GB RAM 512GB SSD
DOS 1 Year – 12LN003PGP**

Features

Office space can be an issue for any business. Thankfully, the ThinkCentre Neo 50q Gen 4 1L desktop is compact and

durable enough to be housed almost anywhere, even in the smallest places. It's portable, too, so ideal for hybrid working.

Yet, this tiny, energy-efficient PC boasts up to 13th Gen Intel® Core™ i5 H-series mobile processing power, can run Windows 11 Pro,

and has multiple ports, including USB-C and HDMI. It also comes with an optional port that can be customized to meet your particular needs.

For any business, being fast and agile can go a long way, while any downtime can be expensive. With the ThinkCentre Neo 50q ,

you can have blazing-fast SSD storage paired with HDD storage, so space is never a problem. And thanks to heaps of memory,

this ultrasmall desktop boots up smoothly and quickly every time. What's more, apps launch in seconds saving unnecessary

thumb-fiddling and frustration waiting for apps to load.

Monitor & keyboard sold separately.

One less thing to worry about

More than ever, if your data or PC falls into the wrong hands, the results can be costly. Thankfully, the ThinkCentre Neo 50q Tiny

desktop has ThinkShield, essential security tools from the chipset and BIOS level to anti-theft protection. And just in case bad should happen,

this compact PC boasts device backup and recovery, remote management, and more.

Monitor & keyboard sold separately.

Sustainably built

We've designed and engineered the ThinkCentre Neo 50q Tiny with sustainability as the cornerstone.
From our low-halogen factory

lighting to the desktop's chassis made from post-consumer recycled content, we've reduced this 1L
PC's carbon footprint wherever possible.

So much so, that it comes with eco-friendly certifications, including recognition for energy efficiency,
low noise, and reduced environmental impact.

Space-saving meets cost-saving
The ThinkCentre Neo 50q Tiny won't cramp your desk space or break the bank. Its tiny, 1L, ultra-small
form factor takes up less room than a
couple of standard notebooks or journals, plus it comes with a budget-friendly price tag. It's also
available with optional mounting accessories,
including a desktop stand or secure VESA mount for the wall or under a desk. What's more, this
compact PC is compatible with other
Lenovo ThinkCentre Tiny-in-One devices.
