## Description

**Lenovo ThinkCentre neo 50t Gen 5 Intel Core i3-13100 8GB RAM 256GB SSD DOS  
EN/AR 1 Year – 12UD005MGR**

### Powerful Desktop for Every Business

The **Lenovo ThinkCentre Neo 50t Gen 5 Desktop** is designed to meet the needs of modern workspaces. This 13.6L tower delivers powerful performance, making it ideal for manufacturing, product design, and other business sectors. Driven by enterprise-grade technology, it ensures seamless connectivity and collaboration, keeping your productivity at its peak.

## Powerful Desktop for Every Business

To meet the needs of modern workspaces, the ThinkCentre Neo 50t Gen 5 Tower is a powerful 13.6L desktop with a professional design. It is ideal for manufacturing, product design, and other business sectors — driven by enterprise-grade performance, boasting industry-leading connectivity and collaboration options to keep your productivity at peak.

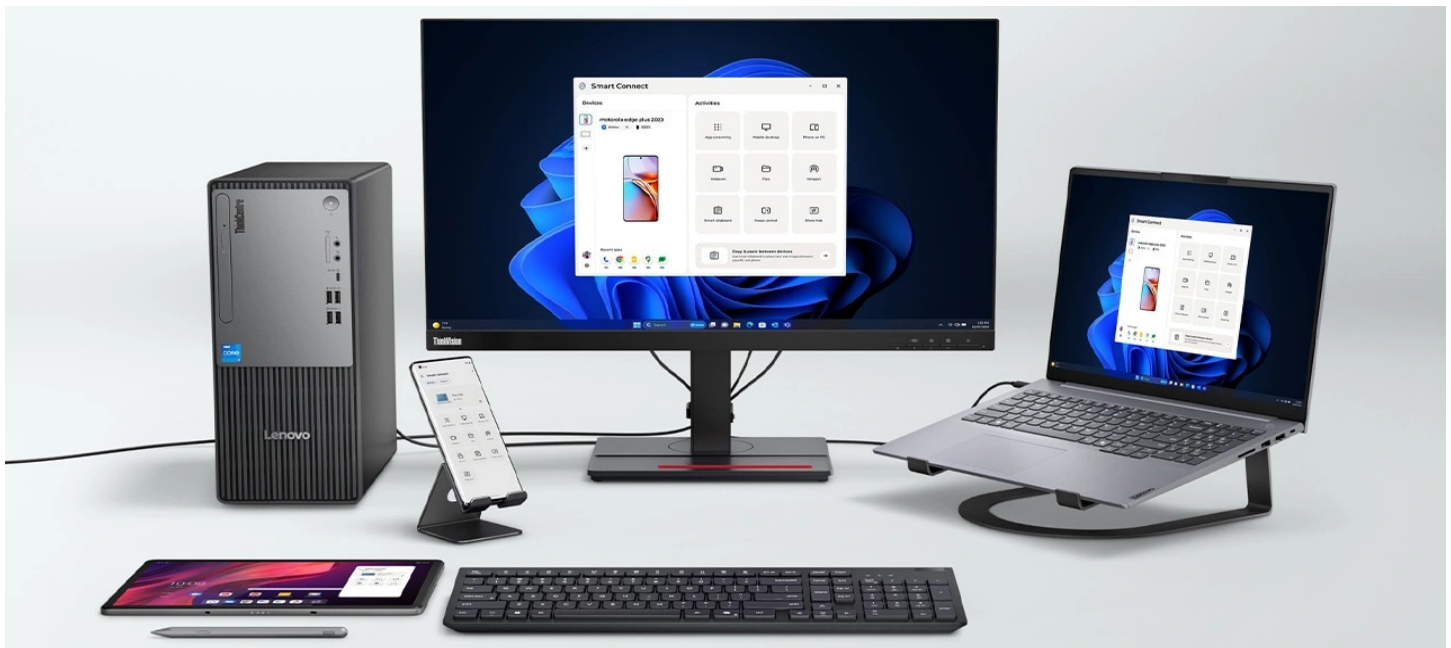

### Cool & Quiet Performance

Experience enhanced cooling with the Intelligent Cooling Engine (ICE) 7.0. This feature extends the PC's lifecycle while keeping the system cooler. It boosts performance and allows seamless mode switching. Additionally, the Lenovo ThinkCentre Neo 50t Gen 5 is TÜV Ultra Low Noise-certified, ensuring a quieter workspace, so you can focus without distractions.

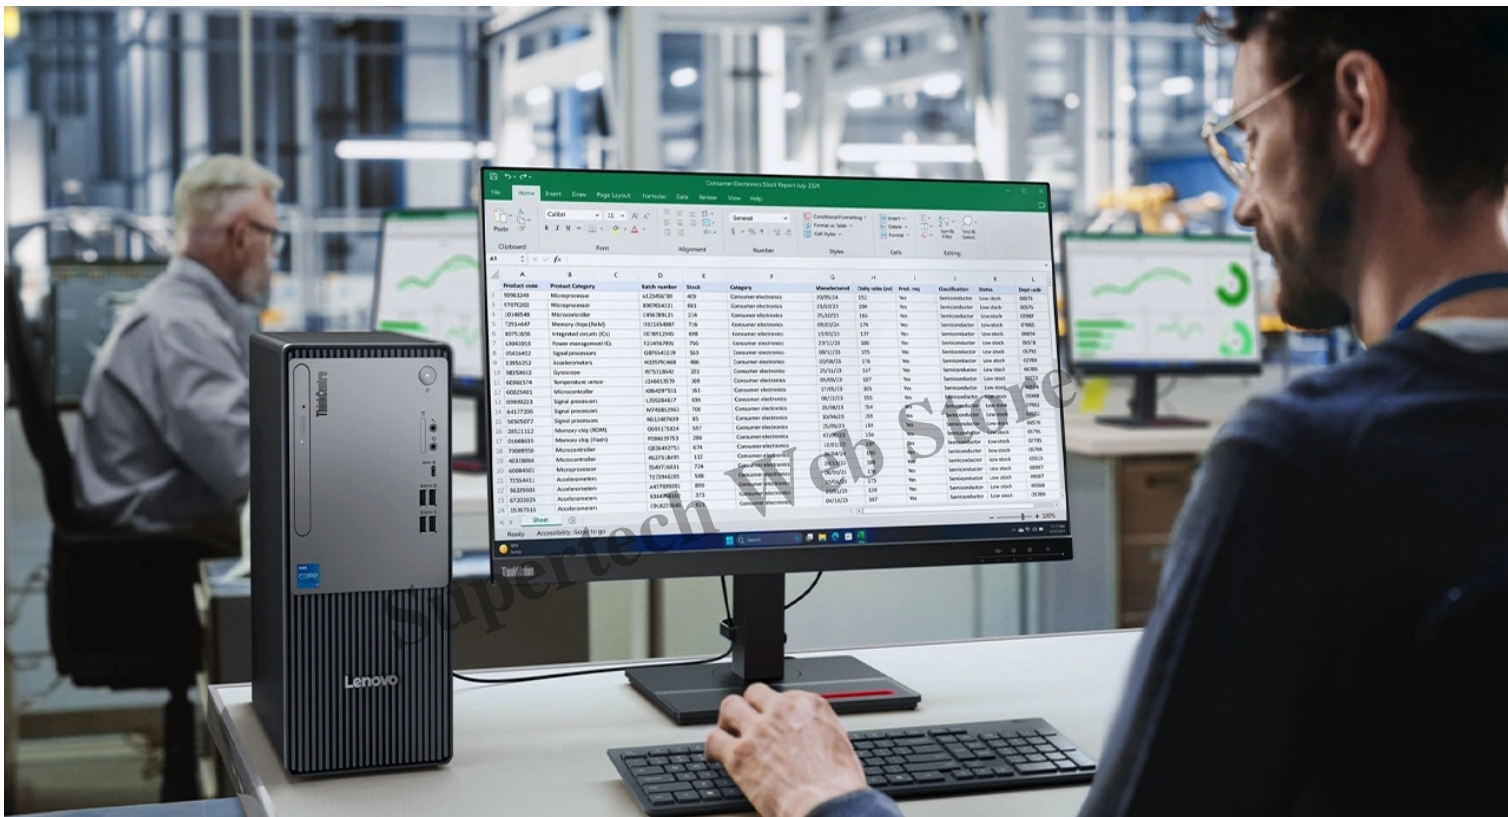

**Mindful About Tomorrow**

The chassis uses 85% post-consumer content recycled acrylonitrile butadiene styrene plastics. The packaging cushion has 90% post-industry content recycled expanded polyethylene and 30% ocean-bound plastic in the bag with a Forest Stewardship Council® (FSC) certified carton. Plus, ENERGY STAR® 8.0 and TCO 9.0 ratings minimize energy costs.

**Cross-Device Interaction for Multitasking**

Take collaboration to the next level with the Smart Connect app. Effortlessly sync presentations across PCs, mobile phones, and tablets. Link your desktop to multiple peripherals via various ports and optional Smart Cable. Expansion slots like a 3-in-1 card reader, serial, parallel, and PS2 also enhance operations.

**Limitless Potential with Powerful Performance**

Boost business performance with up to a 14th Gen Intel® Core™ processor. This high-performance engine drives productivity and innovation beyond expectations. The Lenovo ThinkCentre Neo 50t Gen 5 Tower powers through complex analyses and creative projects. It offers ample memory, storage options, and an optional Intel® Arc™ graphics processing unit (GPU).

#### Secured with ThinkShield & More

ThinkShield security provides robust protection with both hardware and software solutions. It includes a discrete Trusted Platform Module (dTPM) 2.0 to safeguard data. BIOS-based Smart USB protection prevents unauthorized peripheral access. Additionally, you can protect against physical theft with the Kensington Security Slot™, padlock loop, optional cable lock, or an intrusion switch cable.
