

Lenovo ThinkPad E14 Intel Core i7 1355U 8GB RAM 512GB SSD DOS 14 FHD 1 Year – 21JKSOHA00

Description

Lenovo ThinkPad E14 Intel Core i7 1355U 8GB RAM 512GB SSD DOS 14 FHD 1 Year – 21JKSOHA00

Features

Looks good, feels better

Work can take you anywhere, and the second generation of the ThinkPad E14 Gen 2 (Intel) laptop is made to move.

At just 1.5kg / 3.5lbs, it's lightweight and easy to carry. And at just 17.9mm thin, this device slips right into your bag when you're on the go.

What's more, the anodized aluminum top and bottom covers give it a classy look and feel—choose between our traditional Black or the sleek Mineral Metallic.

Cutting edge, next-gen technology

The ThinkPad E14 Gen 2 laptop boasts a cutting-edge 11th Gen Intel® Core™ processor,

so you get faster performance to power through your work tasks. Backed by up to 32GB of DDR4 memory and the option

of discrete NVIDIA® 450MX graphics, this device confidently handles whatever jobs come your way.

Smart features improve your experience

AI-based noise cancellation in the embedded microphone enhances meetings on your ThinkPad E14 Gen 2 laptop.

Choose between predefined modes for seamless conferencing—whether at the coffee shop or your home office.

Dynamic cooling manages the working temperature for optimum PC performance. And with the low blue-light mode, you can work comfortably for longer.

Visuals that spark inspiration

Visualize better on an engaging display, with full-HD resolution and 100% sRGB color gamut that renders crystal-clear visuals.

Choose up to 300 nits of brightness, which means you can see your screen even in outdoor environments.

The touchscreen panel lets you intuitively navigate and interact with your E14 Gen 2 laptop.

Find extra time in your day

When it comes to being productive, saving time can make all the difference. Modern Standby enables updates

while your ThinkPad E14 Gen 2 laptop is sleeping and connects you to the internet instantaneously upon waking.

With Smart Power On, you can log in and boot up with one touch. Plus, when making conference calls, you can easily answer,

make, and disconnect from calls by using the F9-F11 function keys.

Thwart breaches before they happen

You don't take chances with your security and neither do we. The E14 Gen 2 laptop includes ThinkShield,

a suite of built-in security solutions that keeps your data and your device protected. Trusted Platform Module

(TPM) encrypts data, making it more difficult to hack. The optional fingerprint reader and IR camera that works

in conjunction with Windows Hello enables near foolproof biometric authentication to prevent unauthorized access to your system.

Connect to what matters

Optional WiFi 6 lets you jump on crowded public platforms fast and enjoy smooth online experiences with

greater bandwidth, stable network connectivity, and lower latency. What's more, the ThinkPad E14 Gen 2 (Intel)

boasts three USB ports, including the industry-leading Intel® Thunderbolt™ 4, which supports up to two independent

displays and speeds up file transfers to as much as 40Gbps.

ThinkPad reliability

Like all ThinkPad laptops, the E14 Gen 2 is tested against 12 military-grade requirements and more than 200 quality checks.

From the Arctic wilderness to desert dust storms, from zero-gravity to spills and drops, you can trust these laptops to handle whatever life throws your way.
