The Over-Achiever’s Best Friend

When it’s convenience and performance you want in a laptop, look no further: the ThinkPad E15 Gen 2 (Intel) laptop delivers. This 15.6? PC is engineered with smarter AI-based features like noise-cancelling algorithms, intelligent cooling, and auto-connecting earbuds. It also boasts up to an 11th Gen Intel® processor, lightning-fast Intel®Thunderbolt™ 4, impressive reliability, and enhanced security features.

Takes Convenience to a New Level

Whether you need to join a conference call or groove to some serious tunes, the ThinkPad E15 Gen 2 laptop has you covered with the option of the integrated Versa Tray. No need to search for a headset or untangle wires—simply open the tray and Bluetooth®-enabled earbuds auto-connect to your PC. Enjoy more than two hours of uninterrupted phone calls. Dual mics provide environmental noise cancellation to make meetings even more productive.

Boost Your Performance

The ThinkPad E15 Gen 2 laptop harnesses the power of an 11th Gen Intel®Core™ processor along with DDR4 memory and optional discrete NVIDIA®graphics to deliver high performance to your workday. It confidently handles whatever tasks come your way, and it even intelligently maintains the optimum temperature while running multiple apps.

It’s all in the details

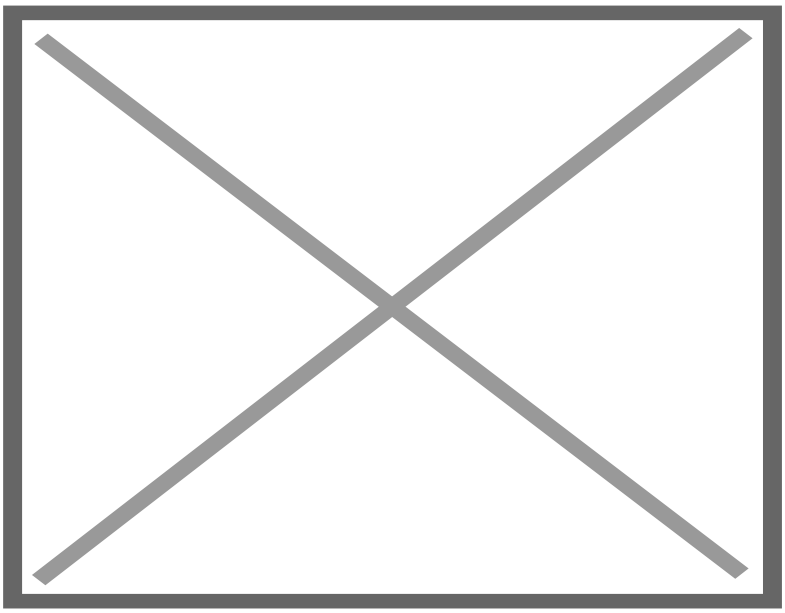

When it comes to being productive, saving time can make all the difference. Modern Standby lets you receive emails, IM notifications, updates, and calls with the lid closed, while Wake-on-Voice gets your system back to work with voice control and connects you to the internet instantaneously upon waking. With Smart Power On, you can log in and boot up with one touch. Plus, when making conference calls, you can easily answer, make, and disconnect from calls by using the F9-F11 function keys.

Security that works behind the scene

You don’t take chances with your security and neither do we. The ThinkPad E15 Gen 2 laptop includes ThinkShield, a suite of built-in security solutions that keeps your data and your device protected. Trusted Platform Module (TPM) encrypts data, making it more difficult to hack. The optional fingerprint reader and IR camera that works in conjunction with Windows Hello enable near foolproof biometric authentication to prevent unauthorized access to your system.

A well-connected laptop

Supertech Web Store

Optional WiFi 6 lets you jump on crowded public platforms fast and enjoy smooth online experiences with greater bandwidth, stable network connectivity, and lower latency. What's more, the ThinkPad E15 Gen 2 laptop boasts three USB ports, including the industry-leading Intel®Thunderbolt™ 4, which supports up to two independent displays and speeds up file transfers to as much as 40Gbps.

Reliability you can count on

Like all ThinkPad laptops, the E15 Gen 2 is tested against 12 military-grade requirements and more than 200 quality checks. From the Arctic wilderness to desert dust storms, from zero-gravity to spills and drops, you can trust these laptops to handle whatever life throws your way.
