Features

Ready to make the most of your day

The Lenovo ThinkPad E16 (16? Intel) laptop exudes power, reliable performance, and robust security—for all of your business requirements.

It’s designed to handle heavy loads of work and is perfect for data tabulation, quick design works, research, and reviewing content.

Equipped with up to a 13th Gen Intel® Core™ i7 processor, integrated UMA graphics, extensive memory and SSD storage, the E16 delivers blazing-fast performance.

Enjoy an elevated work experience

The stunning Graphite Black color gives the ThinkPad E16 (16? Intel) laptop a modern, professional look. Its keyboard houses robust keys with better key spacing,

to prevent accidental input, plus a number pad. The smooth 115mm x 68mm trackpad improves onscreen navigation.

The ThinkPad E16 also features a crystal-clear 16” WUXGA display, optional touch, and hardware-based Low Blue Light certification for an excellent visual experience.

Monitor and USB store drive sold separately.

Get connected & stay connected

More connectivity means more effective working. The ThinkPad E16 comes with all the ports needed for peripherals and better collaboration,

including USB-C 3.2, USB-A 3.2 and 2.0, and Thunderbolt™ 4, to name a few. Connect wirelessly hassle-free with WiFi 6 and Bluetooth®

5.0, and rely on dual mics and a choice of an HD, FHD, or hybrid FHD + IR webcam (with privacy shutter) for collaboration.

Options to keep your data safe

Protect your laptop and your data with options like a discrete trusted platform module (dTPM) 2.0, optional hybrid FHD + IR camera

required for Windows Hello, and Smart Power On. The dTPM 2.0 secure chip encrypts your passwords and other sensitive data,

while only you can access your laptop via the optional fingerprint reader on the Power On button or the FHD hybrid IR camera.

Tough enough to take anywhere

The ThinkPad E16 laptop is a good fit for remote work, thanks to its portable design and high battery capacity. It clears

the U.S. Department of Defense’s MIL-STD 810H standards for reliability and durability, and the laptop’s optional sturdy

metal cover protects your devices form bumps and spills wherever you are. Tested against 12 stringent standards and more than 200 quality checks,

the ThinkPad E16 laptop will run in even the harshest of conditions, from the Arctic wilderness to desert dust storms.
