Features

Ready to make the most of your day

The Lenovo ThinkPad E16 (16? Intel) laptop exudes power, reliable performance, and robust security—for all of your business requirements.

It’s designed to handle heavy loads of work and is perfect for data tabulation, quick design works, research, and reviewing content.

Equipped with up to a 13th Gen Intel® Core™ i7 processor, integrated UMA graphics or NVIDIA® GeForce® discrete graphics,

and extensive memory and SSD storage, the E16 delivers blazing-fast performance.

Enjoy an elevated work experience

The stunning Graphite Black color gives the ThinkPad E16 (16? Intel) laptop a modern, professional look. Its keyboard houses robust keys with better

key spacing, to prevent accidental input, plus a number pad. The smooth 115mm x 68mm trackpad improves onscreen navigation.

The ThinkPad E16 also features a crystal-clear 16” display, up to WQXGA, with 100% sRGB color gamut, optional touch,

and hardware-based Low Blue Light certification for an excellent visual experience.

Monitor and accessories optional, may not be available in all regions.

Get connected & stay connected

More connectivity means more effective working. The ThinkPad E16 comes with all the ports needed for peripherals and better collaboration,

including USB-C 3.2, USB-A 3.2 and 2.0, and Thunderbolt™ 4, to name a few. Connect wirelessly hassle-free with WiFi 6E and Bluetooth® 5.0,

and rely on dual mics and a hybrid FHD + IR webcam (with privacy shutter) for collaboration.

Options to keep your data safe

Protect your laptop and your data with options like a discrete trusted platform module (dTPM) 2.0, hybrid FHD + IR camera,

and Smart Power On. The dTPM 2.0 secure chip encrypts your passwords and other sensitive data, while only you can access your

laptop via the fingerprint reader on the Power On button or the FHD hybrid IR camera.

Tough enough to take anywhere

The ThinkPad E16 laptop is a good fit for remote work, thanks to its portable design and high battery capacity. Its optional sturdy

metal cover protects your device from bumps and spills wherever you are, and it clears the U.S. Department of Defense's

MIL-STD 810H standards for reliability and durability. Tested against 12 stringent standards and more than 200 quality checks,

the ThinkPad E16 laptop will run in even the harshest of conditions, from the Arctic wilderness to desert dust storms.
