Features

Next-gen Intel power & graphics

The second generation of the ThinkPad L13 Yoga 2-in-1 laptop features up to 11th Gen Intel® Core™ i7 vPro® processors and Intel® Iris™ Xe graphics. You'll enjoy industry-leading CPU performance, immersive graphics, amazing AI acceleration, and best-in-class wired and wireless connectivity to help you focus, create, and engage at new levels.

Save time & streamline your workflow

The Lenovo ThinkPad L13 Yoga Gen 2 boasts lots of time-saving functions to streamline your workflow and keep you productive. Modern Standby enables the system to wake and connect to the internet instantaneously. The optional rechargeable ThinkPad Pen Pro, conveniently garaged on the side of the chassis, lets you take notes, sketch, sign documents, and more. And with just the touch of a button, you can easily answer, make, and disconnect from conference calls by using the F9-F11 function keys.

Because innovation seldom comes from behind a desk

Go where you need to go—and don't worry about electrical outlets. All-day battery life on the ThinkPad L13 Yoga 2-in-1 keeps you unplugged—but when you do need more juice, plug it in for just 60 minutes

and Rapid Charge will yield up to 80%.

Made to connect

Speedy WiFi 6 lets you jump on crowded public platforms fast. And ports aplenty, including four USB ports—one with the industry-leading Intel® Thunderbolt™ 4—an HDMI 2.0 port, and side-mechanical docking keep you connected to what matters most, no matter where you are.

Security you can count on

The ThinkPad L13 Yoga Gen 2 convertible laptop keeps your data and your device protected through an updated suite of built-in ThinkShield security solutions. The discrete Trusted Platform Module (dTPM) encrypts data making it more difficult to hack. Optional biometrics log you in securely with the touch of your finger—or even with your face when you opt for the IR camera, which works in conjunction with Windows Hello. With the optional Intel vPro® technology, hardware-enhanced security features provide a more secure platform foundation, coupled with remote recovery capabilities.

Handles the unexpected

Like all ThinkPad laptops, the L13 Yoga Gen 2 is tested against 12 military-grade requirements and

more than 200 quality checks. From the Arctic wilderness to desert dust storms, from zero-gravity to spills and drops, you can trust these laptops to handle whatever life throws your way.
