Features

On-the-go performance

Perfect for modern professionals, educators, and students, the Lenovo ThinkPad P14s Gen 4 (14? Intel) mobile workstation is our lightest.

Packaged in a 14? Thunder Black or Storm Grey chassis and powered by up to Intel vPro® with 13th Gen Intel® Core™ processors and optional NVIDIA®

discrete graphics, this mobile workstation is ideal for highly mobile power users. Innovate freely, wherever life takes you.

Stunning clarity

Optimized with a 16:10 aspect ratio, the ThinkPad P14s Gen 4 (14? Intel) mobile workstation provides the visual clarity you need to innovate on the go.

With options including 2.8K OLED (2880 x 1800) resolution, full DC dimming, and Eyesafe® certification for brilliant and efficient viewing, the display

makes your work come to life. And thanks to the optional 5MP + IR camera, your videoconferencing experience is just as immersive.

Perfectly packaged

With abundant memory and storage plus Ultra Performance Mode, your productivity will soar. You'll also enjoy unrivaled connectivity with

multiple USB and Thunderbolt™ 4 ports, and the rapid charge battery will enable you to work from almost anywhere. Multiple WWAN and

WLAN options support your performance, ease of use, and connectivity.

Certified for confidence

With numerous independent software vendor (ISV) certifications, the ThinkPad P14s Gen 4 (14? Intel) mobile workstation performs your

favorite applications—such as AutoCAD®, Revit®, SolidWorks®, and many more—seamlessly. It is also built to last in any environment,

meeting multiple MIL-SPEC testing standards as well as passing more than 200 Lenovo quality tests. And a service-friendly alternate

cover allows configuring on the go. So go ahead—take it for a drive, literally, anywhere you need.

Trusted companion

Equipped with ThinkShield, Lenovo’s hardware and software security suite, the ThinkPad P14s Gen 4 (14? Intel) mobile workstation is

protected—as is your data. Features include a Discrete Trusted Platform Module (dTPM) to encrypt your data, an optional fingerprint reader

with biometrics for a secure touch login, and a self-healing BIOS that can restore earlier system settings when needed. The webcam has a

privacy shutter that physically blocks the camera. Lenovo has your security in mind.
