High performance, guaranteed

As well as heaps of ultra-fast DDR5 memory and PCIe storage, the ThinkPad P16s Gen 2 (16? Intel) has an Ultra Performance Mode to optimize power and maximize output. It has an array of ports, including Thunderbolt™ 4, and lightning-quick WiFi. And with its large capacity, rapid-charging battery, you can get more done, anywhere. Plus with all its independent software vendor (ISV) certifications, your workload-optimized applications will run seamlessly.

Designed to impress

When you really need to see what you’re working with, the ThinkPad P16s Gen 2 (16? Intel) has got your back. Each of the 16? display options is antiglare treated and most are Eyesafe®-certified. Depending on your needs you can opt for a touchscreen model or one with ICC Template Color Calibration. You also have a choice of colors (classic Thunder Black or Storm Grey) and webcams, including a hybrid 5MP & infrared version, each with a physical privacy shutter to keep the outside world out.

Durability meets reliability

It’s not just your workflows that are demanding, your work environment can be too. That’s why the ThinkPad P16s Gen 2 (16? Intel) has been MIL-SPEC tested for durability and reliability. It has passed more than 200 quality checks to ensure that it can run in even the most extreme conditions, from desert dust storms to the Arctic wilderness. So go ahead and work wherever you need to, for this mobile workstations won’t let you down. It also has a service-friendly D-cover for an extra layer of protection.

Secure & planet-minded

Wherever work takes you, your ThinkPad P16s Gen 2 (16? Intel) is protected by ThinkShield. A suite of hardware and software solutions, it works together to safeguard your mobile workstation and data. It includes the discrete Trusted Platform Module (dTPM) to encrypt your data, an optional biometric fingerprint reader to log in quickly, securely, and a self-healing BIOS to restore earlier system settings, if required. What’s more, the P16s is made from a number of recycled plastic components and has plastic-free packaging.
