- Powerful 14” business laptop with high-performance Intel® vPro® & optional discrete graphics
- Sustainably made & packaged with recycled consumer content, including plastic & natural materials
- Impressive 16:10 aspect ratio displays with up to 84% screen-to-body
- Lightning-quick memory, storage, & connectivity, including Intel® WiFi 6E* option

- Digital wellness features, plus optional WQUXGA touchscreen with Dolby Vision™

Work from anywhere, anytime

The Lenovo ThinkPad T14 i5 Gen 3 is built to perform. Powered by up to Intel vPro® with 12th Gen Intel ® Core™ i7 vPro® processors, it zips through any task. With next-gen storage and memory, plus stunning discrete graphics options, including Intel® Iris® Xe and NVIDIA® GeForce RTX™, this laptop can take your productivity and creativity to new heights, wherever life takes you.

Healthy habits for an always-on digital world

To help you adopt good PC habits, the ThinkPad T14 Gen 3 comes with several digital wellness features. Glance software, for instance, can track your screen time and check your posture. It can also prompt you every 20 minutes to look at something 20 feet away for 20 seconds. To further help prevent eye fatigue, there's an Eyesafe® certified low blue-light display option.

For work, play, & everything in between

From online work calls to quality downtime, the Lenovo ThinkPad T14 i5 T14 Gen 3 ticks every box. The 14? display, which includes a WQUXGA touchscreen option with Dolby Vision™ and FHD + IR webcam, has a huge screen-to-body ratio and an expansive 16:10 aspect ratio. In addition, Dolby Audio™ and Dolby Voice® AI technology comes as standard, delivering a truly immersive audio/visual experience.

All you need to do more, remotely

Designed for busy on-the-go professionals, the ThinkPad T14 Gen 3 laptop can run all day on a single charge. It comes with an array of ports, including Intel® Thunderbolt™ 4 and HDMI, and has a choice of blazing-fast connectivity options, including Intel® WiFi 6E. It also has a backlit keyboard with TrackPoint and TrackPad for an enhanced, all-around typing experience.

*WiFi 6E requires Windows 11 Pro. Operation is dependent on the support of the operating system, routers/APs/gateways that support WiFi 6E, along with the regional regulatory certifications and spectrum allocation.

Smarter security, from the inside out

To help protect your business from growing cyber threats, this ThinkPad is built with ThinkShield. This comprehensive portfolio of end-to-end protection and customizable security features, includes advanced data encryption and biometric technology. In addition, there’s a PrivacyGuard display option to prevent shoulder-surfers from seeing sensitive information on your laptop.

Lean, mean, & green

Even with all its productivity- and creativity-enhancing features, this ThinkPad was designed with the planet in mind. We used recycled post-consumer content (PCC), such as plastic and natural materials, in various components, including the speaker enclosure, battery compartment, and adapter. It also comes with recycled and/or sustainably forested packaging and recycled PCC cardboard cushioning.
