Enabled you to truly work from anywhere

The ThinkPad T14 Gen 3 is built to perform, anywhere. Powered by up to Intel vPro® with 12th Gen Intel® Core™ i7 vPro® processing might and vast amounts of memory, it zips through any task. And with next-gen storage performance and powerful discrete graphics options, including Intel® Iris® Xe and NVIDIA® GeForce RTX™, it can take your productivity and creativity to new heights, wherever life takes you.

Healthy habits for an always-on digital world

When using PCs, it pays to rest our eyes and stretch the legs. That’s why, the ThinkPad T14 Gen 3 has built-in digital wellness features. For instance, Glance software lets track your screen time, check your posture, and adopt the 20-20-20 habit: every 20 minutes, look at something 20 feet away for 20 seconds. There’s also the option of an Eyesafe® certified low blue-light display to help lessen eye fatigue.

For work, play, & everything in between

From videoconference calls to being creative and quality downtime, the ThinkPad T14 Gen 3 ticks every box. The 14” display has a huge screen-to-body ratio and an expansive 16:10 aspect ratio, while

options include a WQUXGA touchscreen with Dolby Vision™ and FHD camera. Together with Dolby Audio™ and Dolby Voice® AI noise-suppressing technology, a truly immersive audio/visual experience awaits play to help further prevent eye fatigue.

All you need to do more, remotely

Designed for busy on-the-go professionals, the ThinkPad T14 Gen 3 can run all day on a single charge. It comes with an array of ports, including Intel® Thunderbolt™ 4 and HDMI, and has a choice of blazing-fast connectivity options, including Intel® WiFi 6E. It also has a backlit keyboard with TrackPoint and TrackPad for an enhanced, all-around typing experience.

*WiFi 6E requires Windows 11 Pro. Operation is dependent on the support of the operating system, routers/APs/gateways that support WiFi 6E, along with the regional regulatory certifications and spectrum allocation.

Smarter security, from the inside out

To help safeguard your data and protect your business from growing cyber threats, this ThinkPad is built with ThinkShield. This comprehensive portfolio of end-to-end protection and customizable security features, includes advanced data encryption and biometric technology. In addition, there’s also a PrivacyGuard display option to prevent shoulder-surfers from seeing sensitive information on your laptop.

Lean, mean, & green

Even with all its productivity- and creativity-enhancing features, this ThinkPad was designed with the planet in mind. We used recycled post-consumer content (PCC), such as plastic and natural materials, in various components, including the speaker enclosure, battery compartment, and adapter. It also comes with recycled and/or sustainably forested packaging and recycled PCC cardboard cushioning.
