Description

Lenovo ThinkPad T14s Gen 6 Intel® Core Ultra 7 258V 32GB RAM 1TB SSD 14? WUXGA Backlit, Arabic Windows® 11 Pro 3 Year – 21QX00KAGR

The **Lenovo ThinkPad T14s Gen 6 Intel® Core Ultra 7 258V** is built for professionals who demand speed, security, and reliability. With its **Intel® Core Ultra 7 258V**, 32GB RAM, and 1TB SSD, this laptop ensures powerful multitasking, smooth performance, and long-term durability, perfect for business and productivity on the go.

MICROSOFT COPILOT

Do More With Your Onboard Personal Assistant

Ever look for a file you know you saved, but can't find anywhere? Copilot lets you recoup valuable time you would have spent searching — with just a few spoken words, your assistant will scour apps and platforms across your system. Plus, create images, draft content, even get help with coding and generate action items and translation from meetings.

THE BEST WIFI AVAILABLE

Seamless Connections

You're not tethered to a desk, and neither should your PC be. The ThinkPad T14s Gen 6 laptop keeps you connected with the best WiFi available. Enjoy faster speeds and accessibility, as well as enhanced file-sharing with WiFi 7, even in congested areas. What's more, advanced security features make networks more resistant to cyber attacks.

ISV CERTIFIED

175 Premium Apps Run Natively

A laptop is only as good as the software that runs seamlessly and efficiently on it. Qualcomm® has partnered with independent software vendors (ISVs) to ensure that 175 premium apps (and growing) are integrated with Snapdragon® X Elite to run natively on Windows ARM. You can trust you won't hit any software snags on the ThinkPad T14s Gen 6 laptop.

MULTIDAY BATTERY LIFE

Leave Your Power Adapter Behind

With the Qualcomm® Hexagon™ neural processing unit (NPU), the ThinkPad T14s Gen 6 boasts extreme power efficiency — no matter the workload. Work wherever you are without electrical outlets. True multiday (1 day = 24 hours) battery life provides assurance that productivity won't suffer when you're on the road, in the field, or taking to the skies.

THINKPAD KEYBOARD REIMAGINED

More Accessible, More Convenient

Our redesigned ThinkPad keyboard includes tactile markings to increase accessibility. The TrackPad is even bigger. Plus, our iconic red TrackPoint still lets you navigate — but with a double tap, it opens a quick menu to optimize audio-visual settings and even take notes with the Dictation Toolbar for handy speech-to-text transcription.

OUR LOWEST CARBON FOOTPRINT

Energy Efficient on the Inside, Recycled on the Outside

The T14s Gen 6 boasts our lowest carbon footprint in the ThinkPad portfolio. It's Energy Star® and TCO 9 certified for energy efficiency. It's comprised of post-consumer content (PCC) recycled plastic, recycled magnesium, recycled aluminum, and recycled carbon fiber throughout (see Tech Specs). Plus, packaging is 100% plastic-free and recyclable.

THINKPAD QUALITY

Built to Defy the Elements

We use the US Department of Defense MIL-STD 810H for a balance of reliability and durability in ThinkPad laptops. Meeting or exceeding 12 standards, 26 procedures, and 200+ quality checks ensure these devices run in extreme conditions, including harsh variables like Arctic wilderness, desert dust storms, extreme temps, pressure, vibration, and more.
