Description

Lenovo ThinkPad T15 Gen2 i7 1165G7 8GB RAM 512GB SSD 15.6 A/E Windows10 Pro 64 3 Year – 20W4006FAD

The **ThinkPad T15 Gen2 i7** combines powerful Intel Core i7-1165G7 performance with 8GB RAM and a fast 512GB SSD, perfect for demanding business tasks. Featuring a 15.6" display and Windows 10 Pro 64-bit, it ensures smooth multitasking and productivity.

Features

Anything is possible

Push the limits on what the ThinkPad T15 Gen 2 (15" Intel) laptop can do, with up to 11th Gen Intel® Core™ i7 vPro processors and Intel® Iris® Xe or optional NVIDIA® GeForce® MX450 graphics. Strong enough to run the most demanding apps and AAA-title games, these cutting-edge processors blaze the trail for in-home entertainment and productivity.

Works hard, plays harder

The ThinkPad T15 Gen 2 (15" Intel) laptop is everything you need for work and everything you want for in-home entertainment. Display options include touchscreen or a bright Dolby Vision™ UHD panel for a vibrant visual experience. Combined with Dolby Audio™ Speaker System, up to NVIDIA® GeForce® graphics and vast storage options, this device makes it easy to work hard and play hard.

Cool features

The ThinkPad T15 Gen 2 (15? Intel) laptop is packed with new features that look great and improve your workflow. Modern Standby enables your system to wake in one second and connect to the internet one second later. And with a 19.1mm thickness and new Storm Grey or Black with antimicrobial coating color options, it's sleek and exudes class.

Stay online everywhere

The T15 Gen 2 (15? Intel) laptop keeps you connected to the world with WiFi 6E, the fastest and most congestion free experience. Or choose the optional LTE-A card that provides connection wherever there's cellular service*. Never worry about being off-line unless you want to be.

*WWAN must be configured at the time of purchase and requires network service

Battle-tested toughness

ThinkPad T15 Gen 2 (15? Intel) laptop is tested against 12 military-grade requirements and more than 200 quality checks to ensure seamless operation under extreme conditions. From the Arctic wilderness to desert dust storms, from zero-gravity to spills and drops, you can trust these laptops to handle whatever life throws your way.

Smarter security

The ThinkPad T15 Gen 2 (15? Intel) laptop features ThinkShield, our built-in suite of security solutions. The optional fingerprint reader lets you securely log in, adding an extra layer of convenient security. Likewise, with the discrete Trusted Platform Module (dTPM) 2.0, your critical data remains encrypted, significantly decreasing any possibility of hacking. What's more, with the webcam privacy shutter, you can trust your webcam to stay off when you want.
