Engineered to work from anywhere

A 14? 2-in-1 touchscreen laptop, the ThinkPad X1 Yoga Gen 7 delivers features that matter. Enjoy the spectacular Communications Bar that raises the bar on collaboration. Robust security includes Tile® tracking technology—just in case. Plus, high-performance 12th Gen Intel® Core™ vPro processing, on the Intel® Evo™ platform provides super-responsive, on-the-go power.

Performance designed for you

Powered by 12th Gen Intel® Core™ vPro® processors—with up to 14 cores—the ThinkPad X1 Yoga Gen 7 2-in-1 laptop takes multitasking to the next level. These CPUs have a revolutionary design that intelligently allocates workloads to the right thread, on the right core, at the right time—which allows for better video collaboration and productivity based on how you're actually using your device.

More accommodating than a concierge

Thanks to its 360-degree hinge, the ThinkPad X1 Yoga Gen 7 convertible laptop quickly switches between laptop, tablet, tent, and stand modes. No matter where your work takes you, we've got a mode to accommodate your style. Plus, go from keyboard to ThinkPad Pen Pro in seconds, when you want to sketch, sign documents, or take notes with the fully rechargeable, garaged pen.

Say hello to the Communications Bar

The ThinkPad X1 Yoga Gen 7 2-in-1 laptop boasts a premium experience with its new Communications Bar. The old webcam has been replaced with three FHD resolution options, including those with IR and Computer Vision technology. Four integrated AI-based noise-cancelling mics with Dolby Voice® and four speakers with Dolby Atmos®

up the ante on collaboration.

When every pixel matters

Whether vibrant colors are your jam or extra security to keep spying eyes away, the ThinkPad X1 Yoga Gen 7 2-in-1 does not disappoint. Ranging from a 4K WQUXGA OLED displays to WUXGA panels, all 14? screens feature a 16:10 aspect ratio, narrow bezels, multitouch, and low-power usage. Additionally, Eyesafe® certified display options reduce blue-light emissions and eye fatigue.

Dual fans double the cool factor

The underside of the keys on our legendary ThinkPad keyboard have been redesigned for air intake to create better airflow. Combined with dual fans and rear venting, the thermal capabilities on the ThinkPad X1 Yoga Gen 7 keep this convertible laptop cool even when it’s working overtime.

Security tailored to you

Biometrics provide extra security on the ThinkPad X1 Yoga Gen 7 laptop—from the power button integrated with the fingerprint reader that lets you log in and boot up instantaneously, to the facial recognition software that works with the new IR camera. Plus, Computer Vision based presence detection automatically locks your device when you move away. And the optional PrivacyGuard keeps your screen your business.

Never lose track of your device

If you misplace your 2-in-1 laptop, or worse, if someone takes it, locating your PC has never been so easy. Now Tile® ready, the ThinkPad X1 Yoga Gen 7 works with your smartphone to locate your device—even when your X1 is powered off. Simply subscribe to the Tile® service*, and then download, set up, and activate.

* Subscription not included and must be purchased separately.

Tested to withstand the extremes

We use the US Department of Defense's MIL-STD 810H standards to create a balance of reliability and durability for our ThinkPad laptops. We test against 12 standards and more than 200 quality checks to ensure they run in extreme conditions. These tests cover harsh variables like Arctic wilderness and desert dust storms, including temperature, pressure, humidity, vibration, and more.
