

Lenovo ThinkSystem SR650 V2 Rack Server Intel Xeon Silver 4310 32GB RAM 930-8i 4G 1100W – 7Z73A0AGEA

Description

Lenovo ThinkSystem SR650 V2 Rack Server Intel Xeon Silver 4310 32GB RAM 930-8i 4G 1100W – 7Z73A0AGEA

Top-performing server for data centers needing scalability

Lenovo ThinkSystem SR650 V2 is a 2-socket rack server designed for speed and expansion, with flexible storage, I/O, and industry #1 reliability for business-critical workloads.

Future defined data center

Lenovo delivers engineered, tested and certified IT solutions that are high performance, scalable and cost-effective.

By combining industry-leading x86 server technology and reliability, partnering to deliver best-in class co-innovation and providing end-to-end peace of mind with Lenovo ThinkShield, XClarity, and Services, Lenovo solutions

enable customers to use real-time data to drive actionable insights. As the compute for these solutions, ThinkSystem SR650 V2 makes businesses smarter by providing support for data analytics, hybrid cloud, hyperconverged infrastructure, video surveillance, high performance computing and much more.

Workload-optimized support

ThinkSystem SR650 V2 is tuned for Intel® Optane™ persistent memory 200 series. With this second generation of high performing persistent memory tier optimized for 3rd generation Intel® Xeon® Scalable processors, it offers significantly lower data latency, higher capacities and greater value. With data stored closer to the processor, applications can access data faster driving swifter response times for real-time analytics, financial transactions, electronic medical records, fraud detection, and much more.

Flexible storage

Industry leading backplane design for Lenovo AnyBay™ features a choice of drive interface type in the same drive bay: SAS drives, SATA drives, or U.2 & U.3 NVMe PCIe drives. Freedom to configure some of the bays with PCIe SSDs and still use the remaining bays

for capacity SAS drives provides the ability to upgrade to more PCIe SSDs in the future as needed.

Get the Help You Need, When You Need It with Premier Support

Lenovo Premier Support alleviates the problems encountered when maintaining your data center by putting you in contact with the right

person on the first call. Free up your maintenance, management, and employee training resources, and focus efforts on what's more important: **innovation** and **growing your business**.

Lenovo Premier Support for the Data Center

Premier Support includes:

- Access to Level 2 Premier Support technicians, who will:
- Serve as your single point of contact for comprehensive hardware and software troubleshooting
- Own end-to-end case management and problem resolution
- Manage Premier call escalation to address high severity issues or systemic problems
- Dedicated phone number to reach Premier Support 24x7x365
- Online support tools, supplying a web-enabled form to submit a detailed technical incident report directly to the Premier Support team, 24x7 live chat, and access to a product knowledge base
- Third-party collaborative software support, furnishing technology partners with diagnostic information to speed problem resolution

Premier Support is offered in 3 service levels, enabling you to target the onsite response time you need for a particular system, workload, or application environment

Premier Foundation

Upgrade your base warranty and extend support of your systems.

- Premier Support
- 9×5 Next Business Day Response
- Onsite Tech. Dispatch for parts and labor
- Extend coverage up to 5 years
- 1 and 2 year Post Warranty Options

Premier Essential

Best choice for systems where maximum uptime is essential to the business.

- Premier Support
- 24×7 4-Hour Response
- Onsite Tech. Dispatch for Parts and Labor
- Includes YourDrive YourData*
- Extend coverage up to 5 years
- 1 and 2 year Post Warranty Options

Premier Advanced

Robust coverage for systems supporting workloads that are mission critical.

- Premier Support
- 24×7 2 Hour Response**
- Onsite Tech. Dispatch for Parts and Labor
- Includes YourDrive YourData*
- Extend coverage up to 5 years
- 1 and 2 year Post Warranty Options
