

Lenovo ThinkVision T27i-30 27? Monitor – 63A4MAT1UK

Description

Lenovo ThinkVision T27i-30 27? Monitor – 63A4MAT1UK

The ThinkVision T27i-30 Monitor is carefully configured with features that deliver better connectivity, enhance your productivity, and ensure your comfort. This large screen 27-inch FHD monitor offers a resolution of 1920 x 1080 pixels with a wide viewing angle for clear, crisp on-screen content. Expect rich, vibrant colours with 99% sRGB that sharpens the display and is great for video producers and film animators.
