

Lenovo V50t TOWER Gen 2 i3 10100 4GB DDR4 1TB HDD 1 Year-11QE00CFGP

Description

Lenovo V50t TOWER Gen 2 i3 10100 4GB DDR4 1TB HDD 1 Year-11QE00CFGP

The **Lenovo V50t Tower Gen 2** is a powerful and efficient desktop PC designed to boost productivity with Intel's latest processors and seamless memory. This 13L tower combines performance, security, and energy efficiency, making the Lenovo V50t Tower ideal for both office and home use.

Features

Productivity-boosting power

Combine powerful processing with high-performing memory on the Lenovo V50t Gen 2. Its user-friendly BIOS interface enables faster boot times and makes system optimization a breeze to configure. With enhanced security and a wealth of ports, plus a choice of discrete graphics, this easy-to-manage 13L tower is sure to help you get things done.

Sustainable productivity

Up your productivity with the Lenovo V50t Gen 2 tower desktop PC. Up to 11th Gen Intel® Core™ i9 processors, along with seamless memory and storage, gives it the power to zip through any task. It's also certified for ultra low noise and energy efficiency, so it's better for the planet and your bottom line.

Power when you need it

Need to check your email? Or edit a 4K video? The Lenovo V50t Gen 2's simple-to-use BIOS interface lets you switch between performance modes to suit your needs. You can also choose the discrete graphics card—either 4GB of AMD Radeon™ GDDR5 graphics or 4GB of NVIDIA® GeForce®.GDDR6 graphics(coming soon) The choice is yours.

At home, anywhere

With its sleek, polished finish, the Lenovo V50t Gen 2 looks at home anywhere, from the office to the study. It also comes with a dedicated USB port for a keyboard and Smart Power On, enabling you to fire it up with a shortcut key rather than the on button.

Security you can count on

The Lenovo V50t Gen 2 is hardwired with Trusted Platform Module firmware to encrypt data and passwords. It has Smart USB protection to prevent rogue USB use, and a tamper-proof clip for the cables connected to the ports. And there's a Kensington lock slot and padlock loop to physically secure the PC.

Monitor, keyboard, and mouse sold separately.

Buy this PC and get a Free upgrade to Windows 11 when available.

Upgrade rollout plan is being finalized and is scheduled to begin late in 2021 and continue into 2022. Specific timing will vary by device. Certain features require specific hardware,
