

Samsung 34" ViewFinity S6 S65UC Monitor – LS34C650UAMXUE

Description

Samsung 34" ViewFinity S6 S65UC Monitor – LS34C650UAMXUE

Expand your creative realm

Supertech Web Store

ViewFinity S6

There is a monitor and its top is closed up. And when it is zoomed out, the logo of the product, 'ViewFinity S6' is shown.

Ultra Wide immersion

Ultra-WQHD in 1000R curvature

Immerse yourself in games, movies or design projects. A 34" 1000R curved display surrounds you with a 21:9 aspect ratio. The curve closely matches the human field of sight, so you can maximize your screen real estate and reach new levels of productivity with less eye strain.

Enhanced Color Accuracy and HDR10 in Samsung 34" ViewFinity S6 Monitor

1 billion colors with HDR10

See a wider gamut of colors for stunning accuracy and detail. HDR10 provide near limitless hues and true-to-life color representation, with darker darks and the brighter brights. Every piece of content becomes a joy to look at and can be experienced exactly as intended.

Sound without taking up space

Built-in Speakers in Samsung 34" ViewFinity S6: Sound Without Taking Up Space

Work, learn and play without the need for additional peripherals. With built-in speakers, you can free up desk space by minimizing the connections needed for a more efficient working environment, while ensuring you can listen to any content with ease.

Speakers

Master Multiple Sources with Built-in KVM Switch

Built-in KVM Switch

A built-in KVM switch lets you connect and control two sources to your monitor at once, with just one keyboard and mouse. You choose: split screen, Picture in Picture or Picture by Picture are all possible. Be more efficient and remove multi-device hassle with easy input switching and multitasking.

A built-in KVM switch lets you connect and control two sources to your monitor at once, with just one keyboard and mouse. You choose: split screen, Picture in Picture or Picture by Picture are all possible. Be more efficient and remove multi-device hassle with easy input switching and multitasking.

Connect and adjust to meet your needs

USB-C and LAN ports in an ergonomic design

A USB-C port lets you power up your device and transmit data with just one cable, and a LAN port lets you connect to a LAN-less laptop for ethernet use. Clean cable management combines with the adjustable height on the screen that tilts and swivels for comfortable and attractive all-day use.

Smooth, stutterless gameplay

100HZ refresh rate and AMD FreeSync™

A 100Hz refresh rate and AMD FreeSync™ work together to keep your screen smooth in any application, so you can forget about screen stuttering and image tearing. See everything and perform your best without missing a single thing.

Eco-Friendly Materials for a Sustainable Samsung 34" Monitor

A more sustainable monitor

Eco-friendly materials

Sustainable and recycled materials mean a more environmentally-friendly monitor, with 5% of the rear cover made with recycled plastic(OBP). Plus, a manufacturing process that reduces the amount of plastics and emissions delivers a monitor you can feel good about using.

* OBP = Ocean Bound Plastic

Eco-Packaging for a Reduced Environmental Impact

Eco-Packaging

Eco-friendly packaging is used to reduce waste, and give packaging a life beyond its first use. You can transform your packaging into practical tools for your home, or recycle it for enhanced sustainability.
