Lenovo ThinkCentre M70s Gen 4 Intel Core i7-13700 8GB RAM 512GB SSD
DOS 1 Year – 12DT0033GP

Description

**Lenovo ThinkCentre M70s Gen 4 Intel Core i7-13700 8GB RAM 512GB SSD DOS 1
Year – 12DT0033GP**

Features

Accessories shown not included.

Proven performance

Do more with less with the space-saving Lenovo ThinkCentre M70s (Intel) desktop PC. Its small chassis contains everything your enterprise needs, including up to Intel vPro® Enterprise with 13th Gen Intel® Core™ processors. You'll also get best-in-class connectivity, integrated AI accelerators, and extremely high memory capacity. Multitask with ease and efficiency as you seamlessly handle complex data operations and graphics projects.

Accessories shown not included.

Trusted security

Lenovo ThinkShield security offers a combination of hardware and software solutions to protect your ThinkCentre M70s PC. A discrete Trusted Platform

Module (dTPM) 2.0 chip encrypts passwords and data. BIOS-based Smart USB protection and individual USB port disablement prevent unauthorized access.

The Kensington™ Lock slots, chassis e-locks, and other options discourage physical theft. When paired with Intel vPro® Enterprise, the M70s provides

additional hardware-based security capabilities for next-level protection.

Accessories shown not included.

Expandable productivity

The ThinkCentre M70s desktop offers ample HDD and SSD expansion slots to grow along with your business. From industry-specific equipment to

legacy peripherals, you can connect it all. Optional SSD storage offers fast access for boot-up, searches, and opening files, while 3D NAND technology gives

the SSD more reliable performance and improved power consumption. This PC also provides time-saving and connectivity features like Smart Power On

and Smart Cable, making your day that much easier.

Accessories shown not included.

Top-notch manageability & durability

With a variety of pre-installed OS options to meet your customization needs, the M70s is easy to deploy and manage — in terms of both software and hardware.

The ease-of-use design offers quick access to the DIMM, HDD, SDD, and ODD for hassle-free expansion. And this PC meets MIL-STD 810H guidelines with

12 methods and 20 procedures — tested against real-world challenges like volt surges, shock, vibration, and extreme temperatures, it's ready for anything.

Accessories shown not included.

Environmentally friendly

This PC meets the highest environmental standards, including TCO 9.0 and EPEAT™ Gold. Lenovo is committed to creating eco-friendly products using recyclable,

toxic-free components in every device. Plus, by 2025/26, 90% of PC products' packaging will be made from recycled materials.
